HOW TO OPERATE:

NOTE: It is always good practice to initially power unit on at the highest temperature to burn off any impurities collected during manufacturing.

1. TO LOAD:

- Remove magnetic mouthpiece.
- Fill Ceramic Chamber with finely ground herb.
Do not over pack to avoid obstructing airflow.
- Replace magnetic mouthpiece.

NOTE: DO NOT use Oils or Waxes. Dry Herbs only!
Results may vary depending on material and temperature setting.

4

2. TURN ON/OFF:

- Press power button 5 times in rapid succession to turn ON/OFF
- Unit will turn Auto-Shutdown after 3 minutes.
Press button 5 times to re-activate.

3. SETTING TEMPERATURE:

- GREEN LED = 390°F (Low)
- BLUE LED = 405°F (Mid)
- WHITE LED = 420°F (High)

5

- On first power on, the unit will automatically start heating to the lowest temperature setting (GREEN - 390 °F). The GREEN LED will flash until the desired temperature has been reached.
- To cycle through the temperatures, simply press the button 1 time. The next color LED temperature setting will start flashing. Once you have reached the temperature you prefer, let the unit heat until the LED stops flashing, and turns solid.
- When desired temperature is reached, wait 3-4 seconds before inhaling.

6

CHARGING:

- Low battery will be indicated by a RED LED flashing 10 times.
- To charge, attach USB cable, and plug into handy USB receptacle.
- RED LED will remain solid as charging, and disappear after a full charge.
- A full charge is always recommended before a first use.

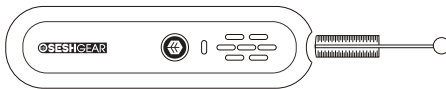

7

CLEANING:

NOTE: Make sure unit is powered OFF. Allow unit to COMPLETELY cool before cleaning. Do not use, or immerse the device in any liquid of any kind.

- Remove mouthpiece, and empty chamber completely.
- With the included brush, gently clean any excess particles and residue.

WARRANTY:

SeshGearCommute is guaranteed from manufacturer defects or malfunction from the original date of purchase for a period of 1 Year. This limited warranty protects against manufacturer defects under normal use and does not apply to normal wear and tear, improper use, and accidental damage from dropping or submerging in liquid, improper cleaning, neglect, or any other damage that is not a result of defective materials or workmanship. If your SeshGearCommute qualifies for servicing, we will repair or replace, at our discretion and expense, any defective parts or materials. Purchaser must provide a copy of the original dated sales receipt and may be required to provide shipping to return defective parts or materials. We intend to complete all repairs/replacements within 7 business days, although this timeframe may vary depending on shipping, replacement part availability, or other related factors. The lawful and proper use of this device is a condition of sale. Any improper use of the SeshGearCommute will void the warranty. Warranty is non-transferable. This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state.
