HUMDAKIN

HOSPITALITY CATALOG
2023 / 2024

THIS IS US

Humdakin is for you and your family. We have taken an active choice regarding ingredients and materials in all of our products to make sure that you get the best possible alternatives for cleaning, household and skincare for the whole family. With Humdakin, you can be sure to avoid ingredients known to cause allergies such as dye, parabens, sls and essential oils. Our products contain as few additives as possible as well as an allergy-friendly perfume. You can therefore safely use Humdakin to create a safe space for your family.

Responsibility is in our DNA, and we work hard to create the most responsible solution without compromising on safety and effectiveness. We work to make this trait visible in any part across the brand as well as we encourage you to take the small steps to make a difference. Small steps as we are aware that we cannot do all - all the time. While you are taking the steps you can, we are working on improving our impact on the environment as well.

Packaging. All our packaging is made from PET recyclable plastic so you can be sure that nothing is wasted when you are done using the product. We encourage you to make the most of the packaging - reuse it and then recycle.

Ingredients. We make mild products. This means that you will find no harsh chemicals in Humdakin's products. This is great for you, but also for our environment, wildlife and ocean life.

Wood & nature. We use nature materials as much as we can from responsible sources. Bamboo wood is the fastest growing tree. Mango wood is a waste material from mango production and all other tree is FSC certified. The tampico fibres used for brushes is a natural, plant-based waste material.

Concentrates. All Humdakin's products are as concentrated as possible. This means we have limited the amount of water in the products, so a little goes a long way, and we limit resources and packaging. You can for instance refill our spray bottle with universal cleaner up to 200 times! - this means cleaning for around one year.

AT HUMDAKIN WE BELIEVE IN THE IMPORTANCE OF WELLNESS AND SELFCARE IN A BUSY EVERYDAY LIFE. THAT'S WHY ALL OUR PRODUCTS ARE MADE WITH LOVE FOR NORDIC SCENTS AND CARING INGREDIENTS.
