

# BENTO BOX 2023

TAKENAKA  
MADE IN JAPAN

**Thoughtfully designed, sustainably created.**

Established in Japan in 1925, TAKENAKA Bento designs thoughtfully and durably made reusable containers with inspiration drawn from our Japanese roots. Eco-friendly and sustainable, our stylish bento boxes inspire healthy living and creativity in day to day life.

### **Let your Colors Shine.**

Takenaka offers a wide array of bright, bold and beautifully colored bento boxes. With an emphasis on expression, we encourage choosing a shade that best represents YOU. Shine bright, shine bold, and find your own aesthetic with one of our bentos.

### **Eat food. Eat good food.**

We support local markets, home cooked meals, and packing all the good for you food inside your bento box. We hope you will find both health and happiness in the contents of your box, and allow Takenaka to be your guide to goodness.

### **Reuse and Reduce Plastic Consumption**

By reducing waste and using more eco-friendly reusable containers made from recycled PET bottles, we can continue looking toward future. Our long lasting, durable bento boxes are made so that you can use them again and again.

**Bento Book is now available telling about Bento culture.  
Ask for more details to your sales team.**

You may think of bento boxes as just small, portable containers to pack and travel your favorite foods, however, the culture of bento is much deeper. Our roots date back to the 5th century, with workers wanting to carry their home cooked food with them on the job. The bento served as not only a way to feed their hunger but to bring a piece of home on the go as they spent long hours away. It's since evolved into a lifestyle and a way to spread love and joy, through food. Come with us on a journey as we explore bento culture and how its used today to carry food and as an expression of creativity and culture around the globe.
