Technical Report

FGL-2014

Food Grade Penetrating Oil

Super pure, food grade oil. Lubricates rings, slides, pistons, seals, and other food equipment parts that may have incidental food contact. Provides a thin, water-resistant film. Contains no silicones or solvents - only food grade ingredients. **NSF Certified.**

Professional high viscosity, ultra pure lubricant for use on food processing and packaging equipment. Leaves a waterproof, dry, non-staining, clear film. Heat stable from -40° F. to + 285° F. Contains no chlorinated solvents.

For Use By:

- Meat & Poultry Plants
- Egg Operations
- Cut Meat Cold Room Packaging
- Ice Cream Filling Equipment
- Dairy
- Municipalities (Fire Hydrants)

For Use On:

Pistons, Rings, Seals, Bearings, Chains, Guide Rails, Rollers, Sprockets, Plungers, Cables, Pans, slides, Containers, belts, fire hydrants

- Contains no silicones
- No odor or taste
- Highly resistant to water washout
- Helps prevent rust and corrosion
- Effective from -40°F to +250°F
- Lubricates parts to ensure free and easy movement
- Only Food grade ingredients
- NSF Certified

Available in Aerosol Cans and 5-Gallon Pails.
