Technical Report

D'BUG

All-natural Insecticide

Made with the all-natural ingredient d-Limonene, this liquid insecticide is safe to use around humans, animals and food. The d-Limonene instantly strips away the protective wax coating from the exoskeletons of insects, causing them to suffocate and die on contact. It can also be used as a residual insecticide that works for several weeks after application.

Use On:

- Schools
- Daycare Centers
- Restaurant
- Kitchens
- Food-processing Plants

Effective Against:

- Ants
- Roaches
- Fleas
- Palmettos
- Silverfish
- Many other crawling insects

Features and Benefits:

- Formula is safe for use around children, pets, and food.
- Use as a contact insecticide for immediate kill.
- Also provides residual action for several weeks after application.
- d-Limonene dissolves the protective layer of wax from the exoskeletons of insects causing them to suffocate and die.

Directions:

Complete directions on product label

Indoor Use: Spray directly on insect pests where they are visible. Use stream setting for penetrating cracks and crevices. Spray in kitchens, pantries, and under cabinets and appliances – anywhere insects hide. Apply to pet bedding to control fleas. Keeps repelling for weeks.

Outdoor Use: Spray perimeter of home generously to make a barrier of protection. Spray garbage cans, manure piles or any infested areas until wet.
