## How To Set Up Air

1. Charge
Charge the headphones with the included micro-USB cable. The LED light will turn from red to blue when charging is complete.

2. Pair
Start with your headphones off. Enter pairing mode by pressing and holding volume+ until Audrey says "pairing" and the LED light flashes red and blue.

3. Connect
Open your device's Bluetooth® menu and select "Air By AfterShokz." Audrey says "Connected" and the LED light will flash blue one time.

How To Reset Your Headphones

1. Start with your headphones off
2. Enter pairing mode by pressing and holding volume+ until Audrey says "Pairing" and the LED light flashes red and blue.
3. Press and hold the multifunction button, volume+ button and volume- button (all three buttons) simultaneously for 3-5 seconds, until you hear two beeps or feel vibrations.
4. Turn your headphones off. Air is now reset and can be re-paired to your device.

Optional Accessories

Earplugs (D)

Use with headphones in environments where it is safe to block out ambient noise, such as on a train or airplane.

1. Roll earplugs firmly between fingers and place in ears.
2. To adjust EQ settings to reduce or enhance bass while wearing earplugs, press and hold volume up and down buttons simultaneously.
3. Switch EQ to normal condition when you take out the earplugs.
