SWIMWEAR

WELCOME

We know how to make a splash. Introducing our first sustainable swimwear collection, crafted from ECONYL®, a 100% regenerated nylon fabric. Fusing Ibiza-inspired prints with high-impact hues, this eco-friendly collection offers unique one-pieces and mix-and-match separates that are set to make a statement all summer long.

“Here’s to eco-conscious fashion that puts the planet first. This is just the start.”
