

Material Safety Data Sheet

May be used to comply with OSHA's Hazard Communication Standard, 29 CFR 1910 1200. Standard must be consulted for specific requirements.

U.S. Department of Labor

Occupational Safety and Health Administration
(Non-Mandatory Form)
Form Approved
OMB No. 1218-0072

IDENTITY (as Used on Label and List)
BEVA 371 Film, all sizes

Note: Blank spaces are not permitted. If any item is not applicable or no information is available, the space must be marked to indicate that.

Section I

Supplier's name Museum Services Corporation	Emergency Telephone Number 651-450-8954
Address (Number, Street, City, State and ZIP Code) 385 Bridgepoint Way South Saint Paul, MN 55075	Telephone Number for Information 651-450-8954
	Date Prepared 2/10/2020
	Signature of Preparer (optional)

Section II—Hazardous Identification

This material does not contain any hazardous substances at or above OSHA and WHMIS reportable levels.

Substances listed in the Subsections "HAPS" and "California Propositions 65 Carcinogens/Reproductive Toxins" that are not listed in Section II are only present in quantities below 0.1% for California Proposition listed toxins or below 1% for non-carcinogenic HAPS or they are inextricably bound in the product.

Section III—Composition/Information on Ingredients

Component			
Ethylene Vinyl Acetate Copolymers			
Cyclohexanone resins			
Phthalate ester of hydroabietyl alcohol			
Parrafin			

Section IV—First Aid Measures**General advice**

Not applicable.

Skin

Hot molten polymer can cause burns.

Inhalation

Not applicable

Eyes

Mechanical irritation.

Ingestion

Low toxicity. Rinse mouth with water. Seek medical attention. Never give anything by mouth to an unconscious individual.

Section V—Fire and Explosion Hazard Data

Extinguishing Media - SMALL FIRE: Water spray, jet, dry powder, carbon dioxide, foam

Hazardous products of decomposition: Combustible but no unusual hazard.

Advice for firefighters (Fire Fighting Procedures): none

Section VI—Accidental Release Measures

Personal precautions, protective equipment and emergency procedures: No special measures.

Methods and materials for containment and cleaning up: Take up mechanically and collect in suitable container for disposal.

Section VII—Handling and Storage

Precautions for safe handling: Not applicable.

Conditions for safe storage: Not applicable.

Section VIII—Exposure Control /Personal Protection

Respiratory Protection : Not applicable.

Engineering Controls: Not applicable.

Protective measures: Not applicable.

Protective Gloves: Not applicable.

Eye Protection: Not applicable.

Section IX—Physical and Chemical Properties

Appearance

Physical state polymer film

Color white opaque

Odor no appreciable odor

Odor Threshold no data available

pH no data available

Melting point/range 65-75 degrees C

Freezing point no data available

Boiling point (760 mmHg) no data available

Flash point Pensky-Martens closed cup 260 degrees C

Flammability (solid, gas) Not Applicable

Lower explosion limit Not Applicable

Upper explosion limit Not Applicable

Vapor Pressure Not Applicable **Relative Vapor Density (air = 1)** >1.0000

Relative Density (water = 1) Not Applicable

Water solubility practically insoluble

Partition coefficient: noctanol/water no data available

Auto-ignition temperature no data available

Decomposition temperature no data available

Dynamic Viscosity Not Applicable

Kinematic Viscosity no data available

Explosive properties no data available

Oxidizing properties no data available

Liquid Density Not Applicable

Molecular weight no data available

Percent volatility Not Applicable

NOTE: The physical data presented above are typical values and should not be construed as a specification.

Section X—Stability and Reactivity

Reactivity: no data available

Chemical stability: no data available

Possibility of hazardous reactions: This material is considered stable. However, avoid contact with ignition sources (e.g. sparks, open flame, heated surfaces). Product will not undergo polymerization.

Conditions to avoid: Heat, flames, and sparks. Extreme temperatures and direct sunlight.

Incompatible materials: Not applicable.

Hazardous decomposition products: Not applicable.

Section XI—Toxicological Information

Toxicological information appears in this section when such data is available.

Product test data not available.

Section XII—Ecological Information

Ecotoxicological information appears in this section when such data is available.

General Information

There is no data available for this product.

Water hazard class:

not hazardous

Section XIII—Disposal Considerations

Disposal methods: Incinerate or landfill solids in accordance with local, state, and federal regulations. (See 40 CFR 268)

Contaminated packaging: Empty containers should be taken to an approved waste handling site for recycling or disposal.

Section XIV—Transport Information

DOT

This product is not regulated.

Classification for SEA transport (IMO-IMDG):

This product is not regulated.

Classification for AIR transport (IATA/ICAO):

This product is not regulated.

This information is not intended to convey all specific regulatory or operational requirements/information relating to this product. Transportation classifications may vary by container volume and may be influenced by regional or country variations in regulations. Additional transportation system information can be obtained through an authorized sales or customer service representative. It is the responsibility of the transporting organization to follow all applicable laws, regulations and rules relating to the transportation of the material.

Section XV—Regulatory Information

SARA 302 Components

SARA 302: No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

SARA 313 Components

SARA 313: This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

CERCLA

No chemicals in this material are subject to the reporting requirement

Massachusetts Right To Know Components

No chemicals in this material are subject to the reporting requirement

Pennsylvania Right To Know Components

No chemicals in this material are subject to the reporting requirement

New Jersey Right To Know Components

No chemicals in this material are subject to the reporting requirement

California Prop 65 Components

This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.

Section XVI—Other Information

Hazard Rating System

HMIS

Health	Flammability	Physical Hazard

Information Source and References

This SDS is from information supplied by internal references within our company.

Museum Services Corporation urges each customer or recipient of this SDS to study it carefully and consult appropriate expertise, as necessary or appropriate, to become aware of and understand the data contained in this SDS and any hazards associated with the product. The information herein is provided in good faith and believed to be accurate as of the effective date shown above. However, no warranty, express or implied, is given. Regulatory requirements are subject to change and may differ between various locations. It is the buyer's/user's responsibility to ensure that their activities comply with all federal, state, provincial or local laws. The information presented here pertains only to the product as shipped. Since conditions for use of the product are not under the control of the manufacturer, it is the buyer's/user's duty to determine the conditions necessary for the safe use of this product. Due to the proliferation of sources for information such as manufacturer specific SDSs, we are not and cannot be responsible for (M)SDSs obtained from any other sources. If you have obtained an SDS from another source or if you are not sure that the SDS you have is current, please contact us for the most current version.
