

MATERIAL SAFETY DATA SHEET

(Complies with 29 CFR 1910.1200)

(Code):

PAYGEL 290

(5035-C)

Section I - Identification	1			
Manufacturer's Name Archer Daniels Midland Company (ADM)		Emergency Telephone Number 450-659-1911		
Address 155 Iberia Candiac, Quebec J5R 3H1		Telephone Number for Information 514-937-9937		
Section II - Hazadous II	ngredients / Identity I	nformation		
CHEMICAL IDENTITY Wheat Starch (Starch, Carb	· /	CAS No.:	9005-25-8	
DPT Classification:	NIOSH 5mg/m ³			
OSHA PEL:	15mg/m ³ over 8 hours This product is not manufac the following regulations: and CFR 1910, Subpart Z.	ctured to contain a hazardous co 21CFR 173.340 PARA 3; 49	•	
ACGIH TLV:	Nuisance particulate 15 mg/m ³ of total dust or 5 mg/m ³ respirable dust.			
OZONE DEPLETING SUBSTANCES (ODS):	No Class I or Class II material is used in the manufacture of this product or is contained in this product.			
CONEG:	Complies with the Conference of Northeast Governor's Model Toxic Legislation.			
HAZARDOUS AIR POLLUTANT:	This product does not contain any ingredient classified as a hazardous air pollutant in the Clean Air Act Amendment dated 11/15/90.			
TSCA:	Included on the TSCA inventory under the Chemical Abstracts number 9005-25-8 Product may be considered to be 100% of the material listed under this CAS number.			
FDA:	Produced in accordance with FDA Current Good Manufacturing Practices and is approved for use in food. None of the substances listed are intentionally added.			

Section III - Physical / Chemical Characteristics

Boiling Point: N/A Vapor Pressure (mm Hg): N/A		Specific Gravity (H2O = 1): 1.5 Melting Point: N/A		
Appearance: White flakes		Odour: Cereal

Section VII - Precautions for Safe Handling and Use

Steps to Be Taken in Case Material is Released or Spilled:

Avoid open flames, smoking, friction sparks, static sparks, welding and cutting tools in dusty surroundings. Sweep up spilled material and place in suitable receptacles for disposal. Flush spill area with water to remove residues. Do not flush to storm sewer or waterway.

Waste Disposal Method:

Conform to applicable federal, provincial, state, and municipal regulations. Is not hazardous waste as specified in 40CFR 261. Dispose in an approved landfill in accordance with provincial, state, and municipal regulations.

Precautions to Be Taken in Handling and Storing:

Best storage is under dry, cool, odor-free conditions, away from heat source. Do not expose to open flame or sparks. Practice good housekeeping.

Other Precautions:

Avoid situations creating dust.

Section VIII - Control Measures

Respiratory Protection (*Specify Type*):

Use appropriate NIOSH/MSHA-approved a mask when necessary.

Ventilation:

Local exhaust (wired to protect against ignition hazards posed by starch dust) should be used to maintain air-born dust concentrations below applicable OEL standards.

Protective Gloves:	Eye Protection:	
Impervious Gloves	CSA Approved Safet	y Glasses

Other Protective Clothing or Equipment:

Good industrial hygiene practice.
