NEW

JACK OF ALL SPRAYS

Residential or commercial? 30 PSI or 40 PSI? High efficiency or high performance? There's a Pro-Spray for that. Now expanded to three hard-working options, the Pro-Spray line offers everything you need for total customization for any challenging site. Need precision edges? Go for the Pro-Spray Fixed Arc nozzles. Demanding angles and curves? Choose the Pro Adjustable nozzles. Conservation-minded client? The MP Rotator is your answer. All models boast heavy-duty ABS construction, including an extra-thick body and cap, and exclusive body ribs for easier installation, service, and stability in loose soils. The sprinkler also features a user-friendly "pull-ring" flush cap to keep debris to a minimum and a multi-function wiper seal that eliminates flow-by.

PRO-SPRAY®

Ready for commercial or residential projects, the Pro-Spray is a rugged and reliable sprinkler for versatile applications. The contractor's choice for years, it was designed with the professional in mind.

Features and Benefits

- 01** **Ratcheting riser for quick arc alignment**
Make adjustments while sprinkler is operating
- 02** **Heavy-duty body and cap construction**
Withstands the harshest environments with multi-thread buttress design
- 03** **Pressure-activated, multi-function, no flow-by wiper seal**
Permits easy removal and cleaning; treated with UV inhibitors to ensure long life
- 04** **Compatible with all female threaded nozzles**
Accepts adjustable, fixed, and specialty nozzles from Hunter and all major brands
- 05** **Heavy-duty spring**
Ensures positive retraction under any conditions
- 06** **Optional factory-installed drain check valve for up to 10 feet elevation change**
Eliminates landscape damage from flooding and erosion
- 07** **Innovative pop-top flush plug design**
Allows limited flow permitting controlled directional flushing

Pro-Spray and MP Rotator

Retrofit a system with MPs, and see water use reduced by 30 percent on average. Design a completely new system with them and realize even greater savings, all while grass stays green and landscapes look better than ever.

Around the world, cities and municipalities are recognizing the MP as not only a high performance sprinkler, but as a water conservation device, for beautiful, eco-minded landscapes.

Charts and Specs

STANDARD MODELS	OPTIONS
PROS-00 = Shrub adapter	(blank) = No option CV = Factory-installed drain check valve (pop-up models only) CV-R = Factory-installed reclaimed body cap (shrub molded in purple)
PROS-02 = 2" pop-up	
PROS-03 = 3" pop-up	
PROS-04 = 4" pop-up	
PROS-06 = 6" pop-up	
PROS-06-NSI = 6" pop-up with no side inlet	
PROS-12 = 12" pop-up	
PROS-12-NSI = 12" pop-up with no side inlet	6" and 12" models ordered as CV will come as no side inlet

EXAMPLES

PROS-04 - 10A	4" pop-up, and 10' adjustable nozzle
PROS-06 - CV - 12H	6" pop-up, drain check valve, and 12' half circle nozzle
PROS-12 - CV-R - RCS	12" pop-up, drain check valve, reclaimed body cap, and right corner strip

PRS30 MODELS (formerly Institutional Spray)	OPTIONS
PROS-00-PRS30 = 30 PSI regulated shrub adapter	(blank) = No option CV = Factory-installed drain check valve (pop-up models only) CV-R = Factory-installed reclaimed body cap (shrub molded in purple)
PROS-04-PRS30 = 30 PSI regulated 4" pop-up	
PROS-06-PRS30 = 30 PSI regulated 6" pop-up	
PROS-06-NSI-PRS30 = 30 PSI regulated 6" pop-up with no side inlet	
PROS-12-PRS30 = 30 PSI regulated 12" pop-up	
PROS-12-NSI-PRS30 = 30 PSI regulated 12" pop-up with no side inlet	

EXAMPLES

PROS-04-PRS30	4" pop-up regulated at 30 PSI
PROS-06-PRS30 - CV - 12H	6" pop-up regulated at 30 PSI, drain check valve, and 12' half circle nozzle
PROS-12-PRS30 - CV-R - 10A	12" pop-up regulated at 30 PSI, drain check valve, reclaimed body cap, and 10' adjustable nozzle

PRS40 MODELS (formerly MPR40)	OPTIONS
PROS-00-PRS40 = 40 PSI regulated shrub adapter	(blank) = No option R = Factory-installed reclaimed body cap (shrub molded in purple)
PROS-04-PRS40-CV = 40 PSI regulated 4" pop-up	
PROS-06-PRS40-CV = 40 PSI regulated 6" pop-up*	
PROS-12-PRS40-CV = 40 PSI regulated 12" pop-up*	

EXAMPLES

PROS-04-PRS40-CV	4" pop-up regulated at 40 PSI, and drain check valve
PROS-06-PRS40-CV	6" pop-up regulated at 40 PSI, and drain check valve
PROS-12-PRS40-CV - R	12" pop-up regulated at 40 PSI, drain check valve, and reclaimed body cap
