Griswold Cattle is pleased to welcome you to the 2023 Frozen Classic. Included in this elite offering are many once-in-a-lifetime opportunities to share in the genetics of Griswold Cattle and our customers. Note that after payment has been made, it is the complete responsibility of each buyer to contact the seller listed with the sale lot to request shipping, or contact the storage facility and extend the storage contract in your name.

**GCC Lil Flirt 100L**  
Daughter of Just to Flirt...  
sells as Lot 26 in the 2023 Classic

**GCC Bold Move 136J**  
Full brother to Just to Flirt

## GCC JUST TO FLIRT 122J

Purebred Simmental | ASA 3962201

s: JSUL Something About Mary 8421 "SAM" | D: JS Black Satin 9B "Boots" (by Mr HOC Broker)

► **LOT 701:** Selling the right to one successful IVF flush

A barn favorite for two years, "Flirty" is one of the most exciting young donors that we have ever raised. After being a past Classic sale highlight herself, she completed a successful show career as the Reserve Champion Cow/Calf Pair at this year's Simmental Junior National; the heifer calf on her side is offered in this year's sale as Lot 26 with a win already to back her. Flirty is a full sister to the popular promotional bull Bold Move and a maternal sister to the \$230,000 New California. Flirty is a direct daughter of the legendary "Boots," who has proven herself time and time again, not to mention her many daughters that are also knocking it out of the park! To top it off, she is a daughter of the incredible "SAM" that is dominating on the tan bark all over the country!

Flirty flushes like a slot machine, and you are sure to hit the jackpot no matter the mating.

**TERMS OF FLUSH:** Selling one IVF flush to the bull of the winning bidder's choice. Seller guarantees a minimum of six (6) transferrable embryos, maximum of twelve (12). Flush will be done at Trans Ova, Oklahoma, and must be completed between April 1 and June 1, 2024. Buyer is responsible for all costs associated with the flush.

offered by Duane & Billy Brock; Griswold Cattle (405) 372-3300

"Rosie"

702  
flush &  
embryos

## C BARI CLASSY LASS 9153 "ROSIE"

Polled Hereford | AHA P44020532

s: T/R BPF AmericanClassic 561CET | D: C Bar 1 Miss Miles 5308 ET (by C Miles McKee 2103 ET)

- ▶ **LOT 702:** Selling the right to one successful IVF flush
- ▶ **LOT 702A:** 3 IVF Sexed Female Embryos sired by KLD RW Marksman D87 ET
- ▶ **LOT 702B:** 3 IVF Sexed Female Embryos sired by SR Dominate 308F ET
- ▶ **LOT 702C:** 3 IVF Embryos sired by BK Red River H18

One of the most popular young cows in the Hereford breed, "Rosie" has taken the breed by storm. Her first and only calf to sell at public auction brought the hammer price of \$70,000 to the Weldon Family in Oklahoma. In her few times out, she has won her division at the Junior National, was Reserve Junior Hereford Female in Kansas City and Champion Junior Hereford in Louisville. Her embryos have been averaging \$2,000 on our online semen and embryo sales. Not to mention that two direct daughters by Dominate highlight this year's Classic open heifer sale. It's not often that a National Champion can raise a National Champion with her very first heifer calf! The future is bright for this young donor...get in while you can. The possibilities are endless!

**TERMS OF FLUSH:** Selling one IVF flush to the bull of the winning bidder's choice with a guarantee of six (6) transferrable embryos and no cap. Flush will be done at Trans Ova, Oklahoma, and must be completed between Feb. 1 and April 1, 2024. Buyer is responsible for all costs associated with the flush.

*"Birdie"*

STAG Good Times 201 ET  
*Sire of Lot 703A pregnancy and Lot 703B embryos*

*Maternal sib to Lot 703 embryos...2023  
American Royal Grand Champion Angus Female*

### BCII BMF SANDY 2118 "BIRDIE"

Purebred Angus | AAA 19242686

s: EXAR Classen 1422B | d: BCII Sandy 1315 (by Silveiras Style 9303)

► **LOT 703A:** Heifer Pregnancy by STAG Good Times 201 ET, due 1/3/2024

► **LOT 703B:** 4 IVF Sexed Female Embryos by STAG Good Times 201 ET

To put it simply, "Birdie" is setting the world on fire! Last fall in the Darlington Divas Sale, a daughter by 24 Karat sold for \$70,500 to Josie Phillips/Circle M Farms and went on to win divisions at the NAILE, Cattlemen's Congress and the National Junior Angus Show. As if it couldn't get any better, she was recently named the Grand Champion Angus Female in both the Junior Show and the ROV Open Angus Show at the 2023 American Royal in Kansas City! Birdie's 2023 calf crop didn't disappoint, with every calf selling for north of \$10,000! Serious cattlemen need to take note and gather around to take advantage of this no-miss opportunity! In just two short years of ET production, Birdie has averaged \$35,000 on calves sold!

## PVF PROVEN QUEEN 8256

Purebred Angus | AAA 19376997

s: PVF Insight 0129 | D: PVF Proven Queen 5250 (by C&C McKinley 3000 EXAR)

► **LOT 704:** 3 IVF Sexed Female Embryos by STAG Good Times 201 ET

8256 was a many-time champion for Cameron Choate, including Reserve Grand Champion Female at the 2019 NAILE and division champion at the NWSS and National Junior Angus Show. She is a daughter of PVF Proven Queen 5250, making her a maternal sister to Sara Sullivan's Supreme Champion Female at the 2023 North American and American Royal. 8256 and the five Proven Queen dams below her in her pedigree all were division champions at the National Junior Angus Show. PVF Proven Queen 2148, another product of the Good Times/8256 mating, was a feature of the 2023 Prairie View Farms Spring Production Sale and went on to be a many-time champion for Kyndall Burns in Iowa.

PVF Proven Queen 3034

## PF FOREVER PRINCESS F10

Purebred Angus | AAA 19211443

s: EXAR Lutton 1831 | D: Lazy H Bar Forever Lady 5001 (by BR Midland)

- ▶ **LOT 705A:** 4 IVF Sexed Female Embryos by SCC SCH 24 Karat 838
- ▶ **LOT 705B:** 2 IVF Sexed Female Embryos by STAG Good Times 201 ET AND  
2 IVF Sexed Female Embryos by BNWZ Dignity 8017

The Lazy H Bar Forever Lady 5001 cow family has been synonymous with champions and productive donor females for generations, and PF Forever Princess F10 is yet another piece to the puzzle in a long line of prolific and proven powerhouse cows within this line. F10's daughters were the headliner Angus show heifers in the 2022 Classic, and once again you'll find her progeny shining bright in this year's 2023 Classic. An Angus donor that just never misses, whether you mate her Angus or blend another breed like Simmental or Maine, F10 packs a genetic punch for power, look and structure that is so hard to find in an Angus female. There have been no greater show ring sires in the Angus breed the past few years than Good Times, 24 Karat and Dignity, and here's your opportunity to hang purple for your own program with daughters of these proven sires out of one of the most exciting young Angus donors in the country today!

## LAZY H BAR FOREVER LADY 7104

Purebred Angus | AAA 18819675

s: Colburn Primo 5153 | d: Lazy H Bar Forever Lady 361 (by PVF Windfall SCC 9005)

- ▶ **LOT 706A:** 4 IVF Sexed Female Embryos by Mr HOC Broker
- ▶ **LOT 706B:** 4 IVF Sexed Female Embryos by STAG Good Times 201 ET
- ▶ **LOT 706C:** 4 IVF Sexed Female Embryos by Walsh On The Brink

This awesome Angus donor is just starting to prove herself, and we are excited to feature her genetics again this year. In her early career, she already has a \$20,000 Conley Express heifer and a \$10,000 24 Karat heifer to her credit. In very limited embryo sales, 7104 is averaging over \$2,000 per embryo!

Lazy H Forever Lady 7104 had an impressive show career, being named Champion or Reserve at numerous jackpots, including Champion Overall two times and Reserve Overall four times before she rounded out her career being named Champion Angus and Fifth Overall at the prestigious Iowa State Fair FFA show. Her dam is the legendary Lazy H Bar 361, who was the high seller of Barry Hageman's dispersal at \$51,000. Her mating to the legend, Mr HOC Broker, is the "Golden Ticket" for success. Just take a look at Lot 706 in this year's Griswold Classic, and you'll see why this is an opportunity you don't want to pass up.

Purebred Angus | AAA 19524005

s: PVF Blacklist 7077 | D: PVF Proven Queen 2106 (by Dameron PVF Raptor 702)

► **LOT 707:** 3 IVF Sexed Female Embryos by STAG Good Times 201 ET

A PVF Blacklist daughter out of the famed PVF Proven Queen 2106, 9119 is a maternal sister to the 2023 National Junior Angus Show Grand Champion Bred-and-Owned Female, who was also sired by Good Times. 9119 herself was Grand Champion Bred-and-Owned Heifer at the 2020 Eastern Regional Junior Angus Show.

Good Times on the PVF Blacklist daughters looks to be one of our most powerful combinations going forward. We are eagerly anticipating our 2024 calf crop at Prairie View Farms with these donors' calves as features.

- **LOT 708A:** 4 Conventional Embryos by Riverstone Vegas 49H
- **LOT 708B:** 3 IVF Sexed Female Embryos by SCC SCH 24 Karat 838

"Rihanna," as she is so belovedly referred to around the Schrag/Nikkel Farm, is one of those very unique Angus females that powers up her progeny without sacrificing the killer look, ideal structure and internal dimension that are much desired in today's beef business. An own daughter of the legendary Colburn Primo 5153, Rihanna has worked especially well blending Shorthorn and Maine genetics in the past. Now it is time to offer Purebred Angus opportunities, and we can't think of any better way to mate her than to two of the hottest Angus sires in the breed today, Riverstone Vegas and 24 Karat. A many-time champion in her show career, Rhianna was Supreme or Reserve Supreme Champion Female at the Kansas Beef Expo, Sioux Empire and the Nebraska AGR and then went on in 2018 to be named Reserve Supreme Champion Female at the North American International Livestock Exposition. A proven winner making proven winners!

Lucy 201J

## CLAC LUCY 201J

Purebred Angus | AAA 20110389

s: Colburn Primo 5153 | D: PVF Lucy 1125 (by PVF ALL Payday 729)

► **LOT 709:** 4 IVF Sexed Female Embryos by Silveiras Style 9303

Not only was Lucy 201J the high seller out of a past Donors and Divas sale, but Sara Sullivan campaigned her through the Angus national shows successfully, headlined by winning her division at the 2022 National Junior Angus Show. CLAC Lucy 201J is also a full sister to Jace Stagemeyer's Supreme Champion Female at the American Royal a few years ago. When you can utilize Angus genetics like this in an Angus donor that is built more like a Maine with the extra body width, dimension, power and stoutness, you're able to blend the best Angus sires in the country to produce a very unique creature! Silveiras Style has more than proven his worth in the show rings of every breed, and this might possibly be one of the most exciting matings ever produced in Sullivan Farms' Angus program.

- **LOT 710A:** 3 IVF Sexed Female Embryos by Mr HOC Broker
- **LOT 710B:** 3 IVF Sexed Female Embryos by GCC Money Earned 852E ET

BHA Lady 300 is automatic when it comes to producing females that generate income and go out and win banners. Last fall, the 24 Karat daughters out of 300 sold for \$40,000, \$17,500 and \$15,000 and a pair at \$10,000 each. There were four heifers sired by Seldom Rest Sandman that totaled up \$48,000. This past fall, a 24 Karat x 300 was Supreme and Third Overall at the Chillicothe, Missouri, Preview Show for the Burns Family. BHA Lady 300 is just starting to heat up, and her ability for production has no ceiling. This genetic mating gets us excited!

s: PVF Inauguration 6174 | D: MC Blackcap 3057 (by SAV First Class 0207)

► **LOT 711:** 3 IVF Sexed Female Embryos by Riverstone Vegas

Bringing you the newest and freshest genetics from Prairie View Farms and the legendary Blackcap cow family! 9114 is a young donor you'll be hearing more about in the next few years. She has become the lead donor in the Blackcap cow family at Prairie View Farms, where they look forward to a large group of her first embryo calves to hit the ground in the spring of 2024.

9114 is sired by the popular Genex sire PVF Inauguration, a Dameron First Class son out of PVF Insight's dam. A maternal sister to Brynn Bullerman's Fourth Overall Female at the National Junior Angus Show, 9114 is even more impressive in person than in the photo. She is unmatched in the Angus breed for her ability to combine an extreme look through her front end with incredible stoutness and power.

- **LOT 712A:** 3 Conventional Embryos by STAG Good Times 201 ET
- **LOT 712B:** 3 Conventional Embryos by STAG Fortunate Son 233

It is our pleasure to offer these rare and elite embryos from the \$150,000 (one-half interest) sale feature from last year's Nowatzke Cattle Company Fall Production Sale that sold to Griswold Cattle Company. GCC Cover Girl 923E made a memorable splash with her daughters that headlined the sale. BNWZ Rita 2855 commanded \$205,000, while BNWZ Rita 2081 sold for \$145,000. Last but not least, BNWZ Rita 2020 rang the bell at \$17,000. If this calf crop is any indication of the future production combined with the powerful herd sire battery in the Griswold program, we can say without question that GCC Cover Girl 923E is *The Next Big Thing in the Angus Business!* We think this mating to the hottest Angus bull in the country today, STAG Good Times, could be the best to date!

► **LOT 713:** 3 IVF Sexed Female Embryos by "SAM"

The Annie Lu cow family is synonymous with quality and flat out gets the job done every time. We are so excited to offer for the very first time embryos out of this legendary donor and sired by JSUL Something About Mary! This powerful beast has more than proven herself as a rock star in the pasture, producing the \$86,000 24 Karat purebred Angus in the Schaeffer and Tice pasture sale this past fall, along with additional daughters sold for \$72,000, \$60,000, \$55,000 and \$50,000 within the past year. Lastly, 361C is a full sister to the legendary sires Plum Creek Paradox and Plum Creek Refresh. The blending of this powerful Angus female with unquestionably the most proven and popular Simmental sire in the business, JSUL Something About Mary, will be one for the record books. These half-blood SimAngus genetics are the most sought after in the country, and here is your Winning Lottery Ticket!

- ▶ **LOT 714B:** 3 IVF Sexed Female Embryos by W/C Relentless 32C
- ▶ **LOT 714C:** 4 IVF Sexed Female Embryos by Wood Ruthless

You would have to drive the wheels off a pickup to find another donor that has produced the dollar value of progeny that 4/B Miss Secret Weapon 41D has produced over the past four years. She just works to every bull she is bred to and passes on her tremendous power, look, structure and overall presence. Just check out the progeny that she has contributed to the last three Griswold Classic sales, and you will soon realize that she is the real deal. Nearly a million dollars in production, and she's just getting warmed up! If you're looking to add genetics from a cow that has done nothing but out produce herself time after time, after time, after time, here she is. Combining 41D's prolific production record with Relentless has already been a proven winner, but her mating to the legendary JSUL Something About Mary and the new and up-and-coming sire Wood Ruthless is destined for success as well.

► **LOT 715:** Selling 4 IVF Sexed Female Embryos by the Sire of the Buyer's Choice

When we purchased Honey Butter in the 2021 Griswold Classic, we were confident she would not only be extremely successful as a show heifer, as she was selected as the Grand Champion Purebred Simmental Female and Supreme Champion Female in the Junior Show at the 2023 Cattlemen's Congress, but the future she would have as a Purebred Simmental donor is virtually unlimited. Genetically, she is as well designed as any female in the business, blending W/C Relentless with quite possibly the most productive Simmental cow in the breed today, 4/B Miss Secret Weapon 41D. The sky is the limit as to what this young powerhouse can do. Your golden ticket is that you tell us how you'd like to flush her, and we will make the embryos of your choice. The combination of power, look, body, structure and symmetry this female has is unparalleled. Here is a fantastic opportunity to get in on the ground floor of Honey Butter's production.

4/B Miss Honey Bear 5L

## 4/B MISS HONEY BUNS 50H

Purebred Simmental | ASA 3797793

s: W/C Relentless 32C | d: 4/B Miss Secret Weapon 41D (by RemingtonSecretWeapon185)

- **LOT 716A:** 4 IVF Sexed Female Embryos by SO Remedy 7F
- **LOT 716B:** 4 IVF Sexed Female Embryos by Rocking P Private Stock H010

The one that started it all! 4/B Miss Honey Buns 50H was the top selling Simmental heifer in the 2020 Griswold Classic. Raised by us, we knew in our hearts that she was a very special individual. As a baby, all the way through her show career and now as a donor, Honey Buns has never disappointed. She concluded an extremely successful show career for Maggie Griswold by being named Grand Champion Purebred Simmental Female at the 2021 American Royal Open Show in Kansas City. Now is when her true potential will come shining through. The consistency of her dam, 4/B Miss Secret Weapon 41D, and being mated to such a wide variety of sires is further proof of the genetic power and predictability of this powerful young purebred. Whether you select the Private Stock or the Remedy sexed female embryos, you won't go wrong. Twenty years from now, we will still be talking about the 41D legacy and the daughters that built that legacy. Bid with confidence!

s: W/C Loaded Up 1119Y | D: JS Black Satin 9B "Boots" (by Mr HOC Broker)

- ▶ **LOT 717A:** 3 IVF Unsexed Embryos by Rocking P Private Stock H010
- ▶ **LOT 717B:** 3 IVF Unsexed Embryos by Reckoning 711F

From the donor dam that has set the Simmental world on fire, the great "Boots." Jimmy was Reserve Cow/Calf Pair at the Simmental Junior National in 2021 and Champion Simmental at the Tulsa State Fair. Her first two natural calves averaged \$8,500, and her ET SAMs are spot on! Jimmy is a full sister to "Mittens," whose accolades are too long to list. Jimmy is beginning to make a name for herself in her short time as a donor. Red Lipstick is a feature open in this year's Classic who has met the eyes of everyone who has come by early. You'll be hearing more from this donor next spring.

Sire option on Lot 723C embryos

## WINSLOW'S RUBY RED

Purebred Simmental | ASA 3957258

S: Bailey's One of a Kind | D: STCC Bases Loaded 5177 (by Remington Lock N Load54U)

- **LOT 723A:** 4 IVF Sexed Female Embryos by Mr HOC Broker
- **LOT 723B:** 4 IVF Sexed Female Embryos by "SAM"
- **LOT 723C:** 4 IVF Sexed Female Embryos by Bet on Red, Payroll OR County O

We have not been this excited about a young, new donor at Full Circle Farms as we are in this beautiful red head, Ruby. She is a direct daughter of our red matriarch female, "Lola," who continues to leave an everlasting impression on our program. We are super excited to show you what multiple years of hard work striving to create an elite red baldy donor has awarded to us. Ruby was that "extra special" female that our Lola donor produced by using a unique mating on what I considered as the best red baldy bull at the time. Her sire, Bailey's One of a Kind (Profit x Ms Dreamy), is a flushmate brother to Sara Sullivan's Supreme Female at the 2018 Junior National (Bailey's Profit's Dream), and was sold through Hartman's Bull Sale to Canada. Ruby had a successful show career for our niece, and she has collected as many as 169 oocytes in a single IVF collection! She is the most fertile female we have ever had the opportunity to work with. These genetic offerings are ones that we think will move the needle on the quality of red-hided show cattle in the Simmental breed. The embryo offerings for Ruby include the most influential Simmental bulls to ever step foot at the G- (SAM and Broker), as well as some of the proven, new sires (Bet on Red, Payroll and County O). Make an investment into the future of your program!

offered by Full Circle Farms, Dr. Josh and Steffani Winslow (304) 904-1389

Purebred Simmental | ASA 3564034

s: Ruby SWC Battle Cry 431B | D: Sandeen Donna 5120 (by Remington Lock N Load54U)

► **LOT 725:** 3 IVF Sexed Female Embryos by WINC All Right 213K

Perhaps the single most influential Donna female ever to graze the hills and pastures at Sandeen Simmental Ranch, since the matriarch that started the Donna legacy for them, Sandeen Donna 8386. 8302 is a visually impressive specimen indeed, but what's more impressive is the resume she has assembled in just her few short years of production. To this point, she has tallied a grand total of nearly \$850,000 in offspring and embryo sales. Some of her most recent achievements include the \$200,000 Sandeen Donna 1142, the \$140,000 Sandeen Donna 0470, the \$81,000 Sandeen Donna 1717, the \$55,000 Sandeen Donna 2302 and several embryo packages selling for \$4,850, \$4,250 and \$3,300 per embryo in sales across Canada and at "The One" Sale in Denver. The work is done, the die is cast, and we invite you to grab ahold of these proven Simmental genetics of a true breed legend to write your own script in the Simmental history books.

## GCC MISS BOSTON 5501C2

5/8 Maine-Anjou | AMAA 460823

s: Daddys Money 55Z | D: GCC Miss Whiskey 5066 (by Irish Whiskey)

► **LOT 727:** 3 IVF Unsexed Embryos by BOE Garth

Miss Boston needs no introduction to the business. She was the most successful show heifer of her time, winning the Junior National Heifer Show back-to-back years! But the true testament to how great Boston really is in production. In her short time in the donor pen before her passing, she accomplished more than most donors do in their whole life. Her daughters have topped the Classic the last two years at \$165,000 and \$130,000, respectively. On top of that, she is the dam of the popular \$80,000 Ole Money promotional sire that is knocking it out of the park. Another daughter by Makin Time was Reserve Female at the 2023 Fort Worth Stock Show for the Herndon family. In total, 17 progeny have averaged \$44,235 over the past few years. Since her passing, inventory is virtually nonexistent. This will be the first and only time we offer embryos from this industry icon. Do not pass up this once-in-a-lifetime opportunity!

- ▶ **LOT 729A:** 4 IVF Sexed Female Embryos by Silveiras Style 9303
- ▶ **LOT 729B:** 4 IVF Sexed Female Embryos by Irish Whiskey

Elite and proven purebred Maine-Anjou donors are among the most invaluable assets to own in today's cattle industry. We feel our "Caly" donor can stack up with some of the best. Genetically, she is a flushmate to arguably the most proven and consistent Maine-Anjou bull available today, Data Bank, who makes his home at the G-. "Caly" stems from the prolific Sullivan and Nowatzke programs and has consistently produced heifers that have highlighted our show strings and sale offerings. Most recently, a Style daughter was crowned Fourth Overall Supreme Female and Champion MaineTainer at the 2023 KILE. We are offering full sib embryos to this female in Lot A, which will register as MaineAngus. "Caly" also produced the 2021 East Coast Cattle Circuit Heifer of the Year and the Supreme Female at the 2022 Pennsylvania Farm Show. Sales are averaging in excess of \$15K on progeny, being topped by a \$40K daughter to Clark Cattle Company in Texas. The Lot B offering is an exciting new mating that will combine the legendary Irish Whiskey to produce PB Maine-Anjou daughters that will easily stand the test of time in improving the next generation. "Caly" is without a doubt the most consistent producer in our donor battery for making elite show heifers, and we expect these embryo opportunities to be no different. Get in on this opportunity while you can!

► **LOT 730A:** 4 IVF Sexed Female Embryos by STAG Good Times 201 ET

► **LOT 730B:** 4 IVF Sexed Female Embryos by STAG Fortunate Son 233

Here is your chance to purchase embryos from the 2022 NAILE Reserve Grand Champion Limousin/LimFlex Female as well as multiple Supreme Female honors across the East Coast for McKenzie Stadtmiller. Jolene is a purebred Limousin female raised by Freebird Farms (Brian Wyatt and family) who is a direct daughter of the highly sought after and rare ELCX Kings Landing. Her dam originated from the storied Pinegar program and was unfortunately lost in the prime of her life. We feel the opportunity to produce purebred cattle of this quality in any breed is extremely imperative in continuing the integrity of that respective breed. The Limousin breed is one of the most exciting and intriguing breeds to be involved with in today's industry. The incredible depth of quality of competition has been evident with the Supreme Female at National shows being captured by the Limousin female countless times. We absolutely think these embryo matings to the hottest Angus bulls at the G- will produce females that have the ability to produce a breed changing female not only in the show ring but long term in production. Jolene will make daughters that are big haired and impeccable structured with incredible phenotypes plus substance and shape. Buy with confidence and excitement here. What an opportunity! Progeny will register 37.5% Lim-Flex.

- ▶ **LOT 733B:** 3 IVF Sexed Female by ECR 628 Ivys Advance 8923 ET "Sancho"

Herefords at Griswold Cattle are few and far between, but the ones we have are pretty special. "Faye" was shown very successfully by Carly Swink, being champion Polled Hereford Heifer at both Tulsa and Oklahoma Youth Expo. She's as big footed and stout boned as you can find one while still being extremely attractive and sound. Full sibs to Faye have taken the Hereford world by storm, highlighting every Bar A sale they have had the past few years. Full and maternal sibs have won multiple shows, including Champion Bred-and-Owned at the Junior National Hereford Expo. They are also proving to be producers in the donor pen—a full sib to Faye produced the recent Champion Hereford Female in Kansas City and Fourth Overall Heifer at the Iowa State Fair. The Champion Hereford Female in Kansas City is a full sib in blood to the Lot A embryos.

- **LOT 734A:** 3 Sexed Female Embryos by SS Inferno 120
- **LOT 734B:** 3 Sexed Female Embryos by STAG Good Times 201 ET

The Shorthorn breed remains one of the hottest breeds within the junior show heifer world in the United States today, and what better way to jump into the forefront of the business than with the opportunity to purchase genetics from one of the breed's most proven and predictable cow families, the Max Rosa family. SS Max Rosa 029 was one of the most popular purebred females to be shown in 2021 and was selected as the Reserve Grand Champion Purebred Female at the National Junior Shorthorn Show for Kane Aegerter. Ten years earlier, her dam, CYT Max Rosa 1110 ET, was also Reserve Grand Champion Purebred Female at the 2011 National Junior Shorthorn Show for Sammi Schrag. There are proven winners in this pedigree, and 029's two daughters who were Lots 1 and 2 at the 2023 Schrag/Nikkel Family Event Sale combined to generate \$100,000 in sales. Here's your opportunity to purchase full sisters to these high sellers or Shorthorn Plus power with the mating to the popular STAG Good Times! We brought our best to Stillwater!

## BOSS LAKE MS FLIRT A WAY 740E

Purebred Simmental | ASA 3968236

s: Mr HOC Broker | d: JS Flirt A-way 59Y (by Harkers/JS Domination)

► **LOT 735:** 3 IVF Embryos by "SAM"

The leadoff glamour cow in this year's Classic, and honestly maybe one of the best cows we have ever sold. We could write a book on what John thinks of this one, but being a full sister to the legendary Boots, what more do we need to say? We didn't flush this cow until we lost the great boots, but her first three natural calves averaged just shy of \$20,000! Her first set of ET calves is just fixing to hit the ground, and boy are we excited to see what she can do with SAM! It's no secret what this cow family can do, and this powerhouse donor is no different. These embryos will be full sibs in blood to the popular promotional bull Bold Move as well as the \$167K "Flirty" donor that highlights this Frozen Classic. The opportunities are endless with this mating! Get in on the ground floor of this young and exciting donor.

## BCII SHELBY 02K

Purebred Simmental | ASA 4132262

s: HPF Quantum Leap Z952 | D: SJP Minn Shelby 807F (by W/C Relentless 32C)

► **LOT 736:** 4 IVF Sexed Female Embryos by Mr HOC Broker

Shelby was one of the most competitive and complete show heifers we have ever produced and was shown so successfully by Bristol Demaree this past show season. We wanted the Frozen Classic to be the very first offering of genetics from this young, powerful, exciting donor that will truly be our go-to donor of the future. No other Purebred Simmental female that we have seen combines the overall muscle, mass, total body dimension and depth with the killer look of the best percentage females in the breed like Shelby! Take all that she brings to the table and blend that with the Simmental legend himself, Mr HOC Broker, and we just might have created the perfect storm for Simmental greatness! A champion raising champions!

## JPLF MISS MATLOCK C502 "CINDERELLA"

Purebred Simmental | ASA 2995267

s: Mr HOC Broker | D: Matlock Miss S031 (by CNS Dream On L186)

► **LOT 737:** 4 IVF Sexed Female Embryos by Family Tradition

With extremely limited embryo inventory due to her recent death, this will be one of the last public offerings on our "Cinderella" donor. She has made such an impact on our programs in a short period of time, with almost all daughters being selfishly retained within our herds. Cinderella, who we think is plenty worthy of wearing that crown, was a sale highlight at the NAILE Select Simmental Sale. Backed by a pedigree that is easily among the elites, she had an incredible show career that included Supreme Female at Simmental Sweepstakes, Grand Champion at KILE, and Reserve Supreme at the Pennsylvania Farm Show. As a donor in production, Cinderella has laid claims to a \$100K Distinction daughter who sold to Sullivan's at the Donors and Divas Sale along with several others. We think her ability to blend her massive foot size, extension, shape, and incredible look in a purebred package will create females that will excel not only in the show ring but also in future donor material for years to come. The lone offering to Family Tradition is an absolute no-brainer, considering he has produced countless high sellers upwards of \$400K. If you are looking to combine the best cow families the breed has to offer and want to find yourself in the backdrop, buy with confidence here.

- ▶ **LOT 738B:** 4 IVF Sexed Female Embryos by W/C Bank On It 273H
- ▶ **LOT 738C:** 4 IVF Sexed Female Embryos by Rocking P Private Stock H010

The true testament of the power of any herd sire is in the power of his dam. Nothing proves this theory more than the power and proven production of W/C Fort Knox 609F and his dam, K-Ler Dolly's Queen 609D. What an opportunity to invest in your program with a no-miss set of sexed female genetics out of the dam of Fort Knox and JSUL Something About Mary, Rockin P Private Stock or W/C Bank On It. Talk about a way to build a program and a cow herd! This may be the single greatest opportunity in 2023 to add maternal power, look and presence with impeccable structure and design into a set of females to take your program to the next level in one generation. Some of the most exciting and newest donors in the Simmental breed are Fort Knox daughters, and the maternal power behind those females comes from the maternal predictability of the cow families behind them—all tracing to Dolly 609D. Take control of your breeding program! The opportunity to purchase proven maternal genetics like this doesn't come along at this level every day.

- ▶ **LOT 739C:** 3 IVF Unsexed Embryos by Rocking P Private Stock H010

Star Light needs no introduction to the Simmental breed. This new and exciting female was purchased with our good partner Keith Lambright as a sale highlight out of the historical Bruhn Farms dispersal. Star Light is on her way to being a million-dollar producer in the donor pen. She's the dam of the popular GPG Cornerstone 1K, the \$510,000 high selling bull at Hartman Cattle Company that sold to GKB. She is also a maternal sister to the \$300,000 TL Bottomline and the \$250,000 TL Ledger. She recently raised a \$90,000 Profit heifer that was Reserve Supreme Champion Heifer at the Purdue AGR. This female is a no-miss cow that will hit a homerun with anything you pair her with. These three matings are something you do not want to miss the opportunity to invest in.

- **LOT 754A:** 4 IVF Sexed Female Embryos by "SAM"
- **LOT 754B:** 4 IVF Sexed Female Embryos by THSF Lover Boy B33

JSUL Who Dat 1602 is one of the most recognizable females in the business. She will go down as one of the most dominating show heifers in history, claiming back-to-back Supreme Champion Female honors at the American Royal and the North American. This direct daughter of the legend himself, ASHW Who Da Man, emerges as one of his best, a claim not to be dismissed when you consider the roster of females that he has sired and the accomplishments they have achieved. It should come as no surprise that JSUL Who Dat 1602 has become an integral donor in production, with countless high sellers and show ring winners to her name. One of her earliest accomplishments would be the mother of the Colburn Primo daughter that was selected as Fifth Overall at the 2018 National Junior Chianina Show for the Nikkel Family from Kansas. The half-blood mating results from JSUL Something About Mary and THSF Lover Boy will be ones you can compete with nationally at any show across the country, and their earning potential as future donors themselves makes these packages without question solid investment opportunities.

# Juanada 264B

## GCC JUANADA 264B

1/4 Simmental, 5/8 Angus, 3/32 Maine-Anjou | ASA 2958646

s: GCC Whizard 125W | d: Duff OL927K Juanada 9608 (by DCC 002 Outlook 472)

- ▶ **LOT 755A:** 3 IVF Sexed Female Embryos by "SAM"
- ▶ **LOT 755B:** 3 IVF Unsexed Embryos by NMR Maternal Made

Everybody loves a Whizard, and you will truly fall in love with this amazing powerhouse of a female. Across the nation, breeders from all segments of the industry absolutely and without question love their Whizard daughters for their overall look, power and dimension. This beautiful own daughter of Whizard has the extra power, skeletal design, added center dimension and a three-dimensional look from every angle. She is the right kind for the times. Whether you're trying to raise killer show steers or competitive show heifers that will make awesome, productive cows, this is the kind of donor that transcends production and power. The JSUL Something About Marys and the NMR Maternal Mades out of this female will be the right kind to keep your program on the cutting edge of production and success for generations to come.

embryos

## GCC SIOUX MISS 8/19U

3/8 Maine-Anjou | AMAA 395553

s: Irish Whiskey | D: Angus 2/505

► **LOT 756:** 4 IVF Sexed Female Embryos by Mr HOC Broker

One of the most legendary Irish Whiskey females ever to leave Griswold Cattle, 8/19U has been a cornerstone to our program. A powerful, huge bodied, square built power cow with that ever present "Whiskey Look." This mating will be full sibs to our next rock star donor, FEN Louise, dam to FEN Hardy 45J, the top selling bull at the 2022 Ohio Beef Expo to Griswold Cattle and now roaming the pastures in Stillwater. Power in the Blood! Broker x Whiskey!

**FEN Hardy 45J**

*His dam is a full sister to Lot 756 embryos*

embryos

Miss 069

## SMITH DONOR MISS 069

1/2 Maine-Anjou, 1/2 Angus | Non-registered

s: BOE Garth | d: Angus

► **LOT 757:** 3 Conventional Embryos by Here I Am

Brad Smith has brought to us a new donor for the Frozen Classic, and this one looks to be a complete rock star! This will be the first set of genetics offered out of this powerhouse donor dam. 069 is a female that is bred with the focus of keeping great maternal characteristics in mind, like structural integrity, function and a killer look, but with the power and muscle that BOE Garth can bring to the table. She is a moderate, stout built power cow with that extra shot of hair, bone and wild parts that all club calf mommas seem to possess. If there was ever a female designed to complement the great Here I Am, this one does. We don't have many pure club calf genetic packages available for this year's Frozen Classic, but if you're serious about raising the right kind that will stay sound with some growth and performance, set your satchel down right here, ladies and gentlemen!

**Here I Am**

SAM

## JSUL SOMETHING ABOUT MARY 8421

Purebred Simmental | ASA 3565879

s: W/C Relentless 32C | d: JBSF Proud Mary (by Yardley High Regard W242)

► **LOTS 801-820:** 20 Packages of 5 Units

No other Purebred Simmental sire since Mr HOC Broker has caused so much excitement in the Simmental breed in his first two calf crops! "SAM" will add power, look, structure, muscle and body. Many of his daughters not only topped production sales all across the country this past fall, but they have dominated show rings throughout the nation, including many class winners and division winners at last summer's National Junior Simmental Show in Madison, Wisconsin. Most recently, SAM was the sire of both the Champion and Reserve Champion Purebred Simmental Females at the North American Junior Show. Semen on this legendary, powerful purebred sire will be in very short supply. Here is your opportunity to make your next "great one" in your program with the power of Something About Mary.

Broker

## MR HOC BROKER

Purebred Simmental | ASA 2531081

s: SVF Steel Force S701 | d: JM BF H25 (by G&L Blackfoot 716D)

► **LOTS 831-850:** 20 Packages of 5 Units

Mr HOC Broker is one of if not *the* greatest modern-day champion of all time and has become one of the most decorated breeding bulls for phenotype, production characteristics and marketability. Broker is likely the most dominant sire the Simmental breed has known when it comes to generating elite show heifers that have been crowned champion at every level of competition repetitively. A great Triple Crown Champion himself, Broker sires cattle that will take you to the backdrop or top your next production sale, and his daughters in production are producing cattle with the same look, power, balance and performance that defy his numbers. With a depleted supply of limited semen in the tank, here is one of the last opportunities to purchase semen on the legendary Mr HOC Broker in volume.

Whizard

### GCC WHIZARD 125W

1/2 Simmental, 1/4 Angus, 3/6 Maine-Anjou | ASA 2511023  
s: SVF Steel Force S701 | d: Miss Chill 1829 (by Chill Factor)

► **LOTS 851-860:** 10 Packages of 5 Units

Beyond a shadow of a doubt, GCC Whizard 125W has proven to be one of if not the greatest female sire in the Simmental and Maine-Anjou breeds. No other composite sire has produced more proven daughters throughout major programs across the country than Whizard. Within the club calf business, the Whizard female is synonymous with quality and has paved the path of production greatness as being the go-to female for the legendary Here I Am. Here is your rare opportunity to get in on some of the very last semen available on this great sire.

Bet on Red

### W/C BET ON RED 481H

Purebred Simmental | ASA 3808091  
s: W/C Fort Knox 609F | d: W/C Angel 7113E (by W/C Relentless 32C)

► **LOTS 861-870:** 10 Packages of 2 Units (Sexed Female)

The "Red Wave" isn't just a popular fad or a temporary whim, it's here to stay. The red-hided cattle across the country, and more specifically the red baldy cattle, are on fire and generating top dollar values and popularity among breeders from all corners of the U.S. Bet on Red is the sire to lead your program on the "Red Wave." A son of the great W/C Fort Knox and out of one of the most powerful and proven donors in the breed, W/C Angel 7113E, Bet on Red stacks the genetics of arguably the greatest Simmental donor of all time, Miss Werning KP 8543U. The first calves are tremendous in their look and presence, and they pack the extra growth and performance with impeccable structure and soundness. Paint the town red with Bet on Red.

## Private Stock

### ROCKING P PRIVATE STOCK H010

Purebred Simmental | ASA 3775641

s: WLE Copacetic E02 | d: RP/MP Built to Love A021 (by Rubys Wide Open)

► **LOTS 871-880:** 10 Packages of 2 Units (Sexed Female)

We are so excited to be a part of this great young Purebred bull and his future production in our program and the progeny he will leave in the Simmental breed. Literally from the ground up, this great young son of WLE Copacetic out of RP/MP Built to Love takes your breath away. Quite possibly the biggest, most perfect shaped feet on a big bull we've ever seen! His structure and skeleton are flawless, and he is so symmetrical in his design. Wide hipped, big backed, soft center bodied, tight shouldered and long necked with a perfect head. And to add the cherry on top, he's Homozygous Black and Homozygous Polled, and he will most definitely be a heifer safe calving ease king. Jump on this opportunity and get some daughters of this great sire early—you won't regret it.

## Bold Move

### GCC BOLD MOVE 136J

Purebred Simmental | ASA 3968329

s: JSUL Something About Mary 8421 | d: "Boots" (by Mr HOC Broker)

► **LOTS 881-890:** 10 Packages of 2 Units (Sexed Female)

POWER IN THE BLOOD. As far as Simmental royalty goes, GCC Bold Move 136J is the King of the Hill. A son of JSUL Something About Mary, sire of many show ring champions, many sale toppers and now many great young cows all across the country. The "SAM" sons and daughters are just built different with that extra shot of power, body, performance and soundness. Blend SAM's consistency with what will possibly be the greatest Simmental donor female ever to grace the pastures at Griswold Cattle Company, JS Black Satin 9B "Boots," and you have created a genetic and phenotypic package that will change cow herds all across the country in the next few years. Get on board the Bold Move train, or be left standing at the station!

*Lover Boy*

### THSF LOVER BOY B33

Purebred Simmental | ASA 2983443

s: HTP/SVF Duracell T52 |

d: RP/MP Right to Love 015U (by SVF/NJC Built Right N48)

► **LOTS 891-900:** 10 Packages of 2 Units (Sexed Female)

Lover Boy is proving time and time again that he isn't only going to calve easy, but he's going to make the kind of females that hit your replacement pen, sons that make herd bulls and females that become donors. Good cattle make great cattle, and Lover Boy is definitely no exception. Rarely does a calving ease sire that is proven to be so also sire such powerful progeny that can compete nationally, but Lover Boy has tapped into that market too, siring both the Supreme Champion Female at the 2021 Cattlemen's Congress Junior Show and the Supreme Champion Female at the 2021 American Royal Junior Show. Lover Boy is a true maternal powerhouse!

*Good Times*

### STAG GOOD TIMES 201 ET

Purebred Angus | AAA 19923328

s: SCC SCH 24 Karat 838 |

d: SCC SCH Phyllis 6104 (by Silveiras Style 9303)

► **LOTS 901-910:** 10 Packages of 2 Units (Sexed Female)

Good Times is without question the hottest young Purebred Angus bull in the country. A son of the extremely popular and successful sire SCC SCH 24 Karat 838, Good Times takes all the look, presence and extra shag from 24 Karat to the next level for balance, base width, natural lower rib cage design, hip shape, pin width and a skeleton that is nearly flawless. The Good Times progeny have not only topped production and online sales all across the country but will be major forces to reckon with in the coming show season. Get on the Good Times wagon today...for tomorrow's champions!

*Game On*

### BKMT GAME ON 227G ET

Purebred Maine-Anjou | AMAA 505128

s: BOE Garth | D: BK JFR Zanella 227 (by HAA Wisdom 505S)

► **LOTS 911-920:** 10 Packages of 2 Units (Sexed Female)

Game On's first two calf crops have taken the country by storm for purebred and percentage calves with that extra dimension, rib cage design and soft center body with square, wide pin settings, a perfect skeleton and running gear. An own son of the cow changer, BOE Garth, Game On gives you the power of his sire with an awesome look and presence. A great testament to Game On's popularity and proven record was an own daughter being named Grand Champion High Maine Female for the Gensini Family of Illinois at the 2023 National Junior Heifer Show in Grand Island, Nebraska, last summer. Game On is checking all the boxes, whether you are breeding to make purebred and high percentage Maines or are using him on Angus cows to make the ever-popular Maine Angus. He is the perfect sire for consistency and productivity. Game On is a game changer!

921-930

*Belmont*

### GCC BELMONT ET

3/4 Maine-Anjou | AMAA 531446

s: BNWZ Data Bank 1311C ET |

D: GCC Dixie Erica B571 (by Minn Hard Whiskey 591Y)

► **LOTS 921-930:** 10 Packages of 2 Units (Sexed Female)

Belmont is one of the newest and freshest young herd sires on the G- Team. He was the \$150,000 high selling bull in the 2023 Grass to Grid Bull Sale to Birney Cattle Company in Ohio, and the genetic package he brings to the table is second to none. An own son of the ever-popular BNWZ Data Bank out of possibly the stoutest and most powerful daughter of Hard Whiskey, B571, who goes back to the famed 673R Donor, a direct daughter of OCC 816B, the full sister to OCC Emblazon and arguably one of if not *the* greatest Angus cow family in the breed. Belmont is a result of what all great sires bring to the table—powerful, proven cow families backed by generations of predictability and from a Maine-Anjou Hall of Fame sire, Data Bank.

# "THE FROZEN CLASSIC" SALE TERMS & CONDITIONS

## INSTRUCTIONS FOR HOW TO ACQUIRE YOUR SEMEN/EMBRYO PURCHASES

- After you, the BUYER, have made payment for your embryos or semen, the seller will be notified that your purchase has been paid in full.
- Once the embryos or semen have been paid for in full by the BUYER, they will be released in the BUYER'S name, by the SELLER, at the storage facility for the said purchase.
- **It is the complete responsibility of the BUYER to call the SELLER and request shipping, or call the storage facility and extend the storage contract under your name.**
- It is the complete responsibility of the SELLER to release the embryos and semen into the name of the BUYER, once they have been notified of full payment, and to arrange this understanding with the storage facility.
- Griswold Cattle is not responsible for any semen or embryos not secured into the name of the new owner within one year of the sale.
- As the BUYER, it is suggested that you make contact with the storage facility or the SELLER to make clear your intentions of shipping or leaving the embryos or semen in storage.
- THE BUYER IS RESPONSIBLE FOR ALL SHIPPING COSTS and/or INSURANCE on EMBRYOS and SEMEN.
- PLEASE NOTE: All transfer of embryos and semen is between the buyer and the seller of each lot.

## GUARANTEE OF EMBRYO PURCHASES

The SELLER guarantees that each embryo package consists of Grade One and/or Grade Two embryos that have been frozen by a reputable source. All embryos selling are either ET or IVF direct thaw. We will guarantee Grade Two embryos just like Grade Ones and feel that the eggs we are representing are of the best quality. On behalf of the seller, we will not represent low grade embryos or embryos that are not collected through reputable facilities.

Sellers acknowledge that they understand they are responsible for guarantees made and that they will help take reasonable actions to insure that the buyers of their lots are satisfied with their purchases.

## SPECIAL GUARANTEE

Unless otherwise noted, SELLERS of embryo lots will guarantee the establishment of at least one 60-day pregnancy per three embryos transferred, if the following conditions are met:

- A. The transfers must take place in the calendar year following the sale date (2024 for the 2023 sale).
- B. Transfers are performed by a licensed embryologist.
- C. Buyers of embryo packages that fail to establish at least one pregnancy will be given credit in next year's sale, or additional embryos from the seller from the same mating, or if the buyer chooses another of similar value.
