## *Sale schedule*

The sale cattle are available for viewing from now until sale time.

9313 East 6th Avenue, Stillwater, Oklahoma.

### **THURSDAY, MARCH 28**

Cattle on display all day.

Join us for a Steak Dinner at 6 p.m. at the sale facility  
with guest speakers Gene Lowrey and Dr. Derrell Peel.

### **FRIDAY, MARCH 29**

Cattle on display. Lunch served at 11:30 a.m.

12:30 p.m. — Griswold Cattle Annual Grass to Grid Bull Sale

# G -

GRISWOLD CATTLE

This time of year comes around faster than it used to. It seems like we were just having this sale—mainly because it seems like I just wrote the letter! Tyson gave Greg an old box out of the old house in Wisconsin. It makes a person realize how many sacrifices were made so that we could enjoy this time right now in the cattle business.

The cattle industry is bred deep within our heritage, it's all our family has ever known. When interest rates were skyrocketing in 1981, my dad made the decision to sell the family farm and move to Oklahoma. With a lot of dreams and ambitions, my dad moved to Miami, Oklahoma, and I came to school in Stillwater. I was a green 17-year-old, and it was a big change. My mother cried every day for a year. It was a different country, different circumstance, and it was laced with a lot of sacrifice. Everything comes with a cost, and my dad paid a large one so that we could have all these opportunities. We lost Dad almost five years ago now, but I think about him every day and how what he did made all this possible.

Greg also came to school in Stillwater. We loved the people and area and never really thought about leaving. Somehow we bought 30 acres in 1986, and in about 1990, 10 acres north of the old show barn came up for sale for five thousand; my kids have asked why I didn't buy it. It was a pretty easy answer—I didn't have \$5,000. Every post driven, every cow calved, it all started one at a time, and it still does.

We are moving into the next generation. Yesterday our crew and our family all fertility tested and clipped the first draft of sale bulls. Garrett and Maggie both stood by the chute with our great set of employees all day long, working, torching, and cleaning up bulls. The cattle industry is what we love, but we realize every day that it's more than a business. It's a way of life, it's our friendships, it's how we raise our kids, it's how we live, every single day.

We are always on the look for the next great one, the one that complements our program and the industry as a whole. Our cow base is built from cow families...like the 066 line that goes all the way back to the original cows Dad brought out of Wisconsin and generations before her, bred on Wisconsin soil. The one thing all our cattle have in common is that we are always pushing the bar of making them better.

The recent fires in Oklahoma, Texas, and Kansas have ravaged a lot of land and a lot of lives. The one thing that always strikes the hardest to me is watching this industry come together and support each other. Jeff Bourquin has helped place so many loads of hay, and RA Bently has dropped everything to haul it. Everyone coming together speaks volumes of this industry.

**On Thursday night before the sale, we are going to have Gene Lowrey from XIT feeders and Dr. Derrell Peel from OSU speak at a steak dinner.** It will be super informative, and we would love to have you. We will make sure to feed you all day Friday. It's a great day to come together as an industry and see old friends and make new ones. It's all about connections, and we feel blessed by the ones we have.

We like good cattle...we like good mamma cows, good bulls, good feeder calves. I look at the market every day. Just like you, we try to figure out the best time to sell our calves, and if we should retain them or sell them. We started out with Jeff Bourquin 15 years ago. He's been a great person to have on our team and a much better friend. I call Jeff several times a week to check on him and see what the market is doing. The one thing I have realized from all our conversations is that **quality pays every time**. He and a lot of other people will pay a hefty premium for good cattle. Our steers always bring top dollar, but we still think you'll see an even bigger difference when you calve out that first set of heifers. Use these bulls to help you top the market. Call Jeff or me, and we will help you get the most dollars. **The number one thing we want from you buying our bulls is for you to be successful**, regardless if you have 10 cows or 10,000, if you send them to a feedlot, or you're marketing purebred seedstock.

Thank you for your friendship and support. It's a major force that drives all we do.

*John*

*...it's how we raise our kids,  
it's how we live,  
every single day.*

### Thank you to Five Rivers Cattle Feeding!

Five Rivers Cattle Feeding, LLC will sponsor a steak dinner Thursday evening. Gene Lowrey with their XIT Feeders and Dr. Derrell Peel from OSU will be discussing the cattle market, the advantages of retained ownership using these high quality genetics, and the bright outlook for the cattle market in the upcoming years while positioning yourself to be on top of your game during the up cycle. Come and join us Thursday evening. Then on Friday, come buy the bull/s to move your program forward!

*join us Good Friday!*

**Approximately 450 head sell!**

**Unless stated otherwise in the footnote, we are selling 2/3 interest in and full possession of all bulls. This means that the bull is totally in your control, and you get 100% of the salvage value of the bull. Griswold Cattle is only retaining a 1/3 semen interest. If the bull is sold to another breeder, Griswold Cattle retains the 1/3 semen interest.**

**CATALOG INFORMATION**

Birth weights (BW) are actual weights.

Weaning weights (WW)

are adjusted to 205 days.

Scrotal Circumference (SC)

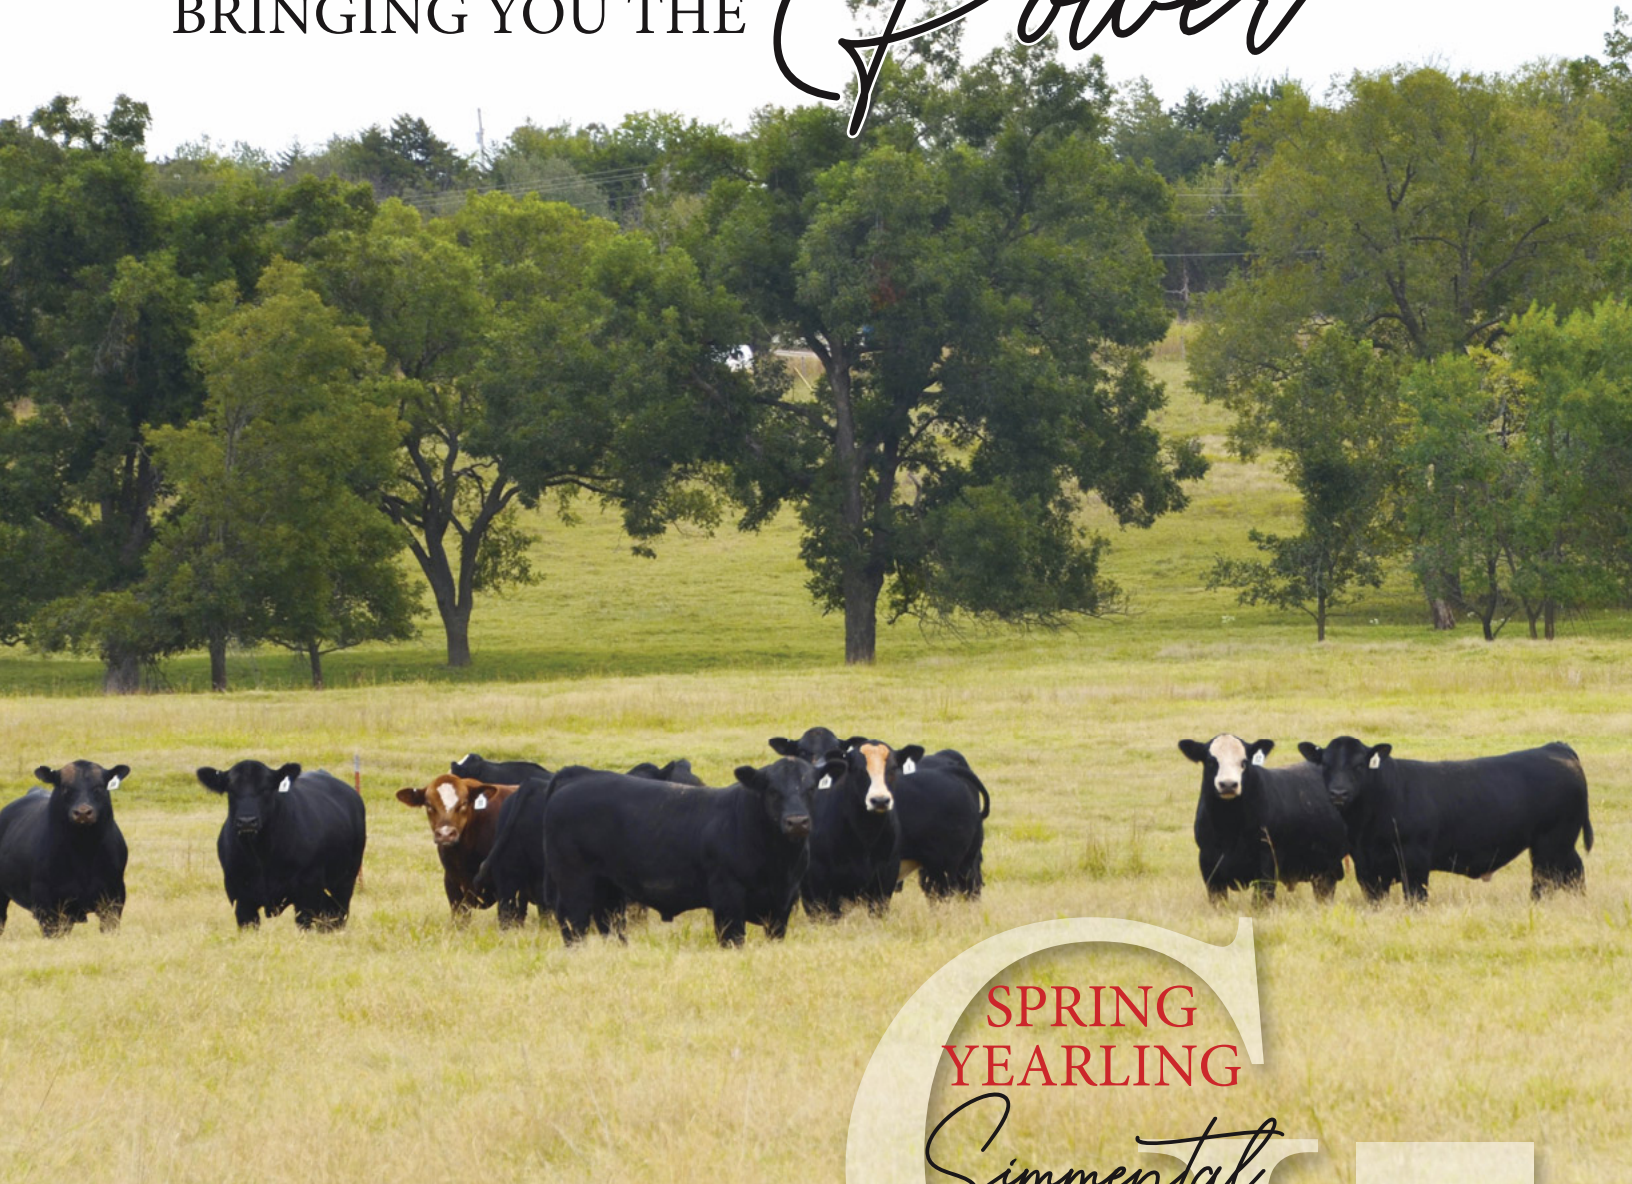

is the actual scrotal measurement,  
rounded to the nearest centimeter.

Ultrasound data for Rib Eye Area (REA)  
and Intramuscular Fat (IMF) are adjusted to  
365 days for spring bulls; actual ultrasound  
data is reported for the fall bulls.

If available through the breed association,  
EPDs are listed for: Calving Ease Direct (CED),  
Birth Weight (BW); Weaning Weight (WW);  
Yearling Weight (YW); and Milk. Keep in mind  
that accuracies on young, unproven bulls are  
relatively low and are more reliable for a group  
of bulls than an individual.

**JS Black Satin 9B "Boots"**  
*Dam of Lot 101*

The only female in history to win the American Royal, Denver, Louisville and the Junior National, "Boots" had a lot of our dreams resting on her back when she passed suddenly in the summer of 2021. She was a once-in-a-lifetime female. Her sons and daughters are carrying on the "Boots" legacy. For the second consecutive year in the Grass to Grid Sale, a "Boots" son sells as Lot 101.

What a way to start out this sale offering and continue the legacy of the great "Boots"! I'm not even sure where to begin talking about this one. As I sit here to write this, it's the day after we scanned bulls, and I cannot get out of my head how much of an absolute STUD this guy is. It has been 20 days since we pictured him, and the amount that he has changed and beefed up is unreal. He just keeps getting better with each passing day, and this is a bold statement, but he might be the best bull Boots has produced to date! If you are serious about producing high quality show heifers, do not put your hand down until you own this one. The look and silhouette of how he is designed is mesmerizing. He comes out so true and high out of the top side of his shoulder while still maintaining the right angle to his shoulder and transitioning that back into a huge, robust center body, finishing it out with a near perfect hip and hind leg design. Get behind him, and he is big backed and square hipped all the way to the ground with tree trunks for legs that can get out and move like a cheetah in the Sahara. Not to mention he has hair for days! If that isn't enough for you, a full sister to him led off the open division of the Classic and will be campaigned this summer! The combination of the great Good Times and the legendary Boots is what dreams are made of! This one is the real deal. Buy with confidence and step into the Next Generation at the G-

What a group of bulls we have for you here! Lots 102–105 are out of a clone to none other than the greatest cow in the Simmental breed, Miss Werning KP 8543U. It is no secret what 8543U has done for the breed, producing countless promotional bulls that have advanced the breed in more ways than a person can imagine. When the opportunity presented itself to purchase a clone, we literally jumped at the chance! It was only fitting to name the clone “8543G” after her great successor to carry on the legacy, and we guarantee she will continue that with this great set of sons.

What better way to flush our 8543U clone for the first time to none other than the breed great SAM! It's a no brainer, right? These two red full brothers are flat out good, powerful beef bulls. If you like them loose structured, long bodied and good at the ground, you will love these two! We love the body shape and the shape they have to their underline that will prove to be easy fleshing kind of bulls. They are big scrotaled and packed full of muscle and hip shape to produce cattle that will feed and wean off at the top of the pen! These two are big time good!

Heifer bull! If you are looking for a purebred bull with calving ease potential that is bred to the nines, here he is! A little different twist to 8543G here with Private Stock, but the quality is still high. A sleep-all-night heifer bull with a BW EPD of -1.1 and a CED of 13 without sacrificing growth, posting an adj. weaning weight of 702 pounds. You get all of this without sacrificing look and quality! 3138L is long spined and extended throughout. One that will add some length and frame while keeping the power and look to make awesome replacements!

Do not miss this one! Every year a couple of bulls slip through the cracks that deserve a picture, and this bull is just that. A full sib in blood to the great W/C Relentless! Just like his brother, this bull is full of quality. He is up headed, good looking, sound structured and awesome balanced. This one will sire great show heifers and replacements. Don't sit on your hands here!

W/C Relentless 32C  
Full sib in blood to Lot 105

Unless stated otherwise in the footnote, we are selling 2/3 interest in and full possession of all bulls. This means that the bull is totally in your control, and you get 100% of the salvage value of the bull.

Griswold Cattle is only retaining a 1/3 semen interest.

If the bull is sold to another breeder, Griswold Cattle retains the 1/3 semen interest.

lot 106

Beef bulls! Power, power, power! Lots 106 and 107 are all of that plus some! Two of the highest weaning weight bulls of the entire fall and for good reason! To see them is to be overwhelmed by the mass and substance they carry down their top, hip and lower stifle, not to mention the amount of foot and bone they stand on. Lot 106 is a man child. Everything about him is impressive, weaning off at 750 pounds of pay weight! He makes the ground shake as he goes with so much power and still being agile, not to mention the center body and rib shape that he carries with him. The best part of it all, they are maternal brothers to the king himself, Maternal Made! We all know the power of Maternal Made females, and the daughters of these two bulls will be no different!

lot 108

A cool twist to a half-blood pedigree on this one that has been an absolute beast since he was still on the cow. Sired by the ever-popular SAM and backed by one of the prettiest Daddys Money cows that we own...from the great Birkland herd in South Dakota that made the G- what it is today! This stout made, burly, big topped stud is one that will add some weight to a group of feeder cattle and leave you with some awesome females. He is square built, good in his angles and built like a truck. This one will not disappoint on a group of cows.

GCC Miss Whizard C112  
Dam of Lot 109

These SAM calves are the real deal. If you want easy doing, big ribbed, functional kind of cattle, this group of bulls is right up your ally. 3114L is an absolute ground pounder! His muscle shape and density are unmatched. I love his build and how smooth he is assembled. His angles and structure are incredible. The softness and boldness of his center body is awesome to still be that stout and good looking. His Whizard dam was the kind you want in your front pasture, and the kind that you want 100 of.

I dig this moderate, stout 3/4-blood! Talk about power and rib shape! He is so complete and balanced with tons of natural rib shape and dimension, yet he still has a tremendous amount of muscle shape and width of hip. His dam is a moderate, powerful ground sow by Loaded Up and goes back to an incredible SAV Brave cow—talk about predictable genetics! Oh, and did I mention he had adj. weaning weight of 780 pounds?

Full sister to Lot 114...Lot 254 in the 2023 Classic

A red 3/4-blood that is flat out impressive when you walk up on him. Talk about a bull that combines look, structure and power as good as you can find! You will be hard pressed to find another red 3/4-blood with this much hip shape and width all the way through. His body shape and density are incredible, indicating he can sire calves that are easy keeping with great doability. You have to admire his foot shape and heaviness of structure that are second to none. His dam is a beautiful Broker donor that produces not only real beef bulls every year but also heifers that have averaged \$10k in the Classic! Did I mention that his granddam is a full sister to Cerveza and a maternal sister to Whizard? Imagine the set of replacements that he could leave in a program!

Stout, stout, stout! I love the way that this SAM son is constructed, wide pinned, incredibly big hipped and true to the ground. Muscle shape and power for days while being bold in his rib shape and easy fleshing, with good feet and legs. This guy gets a shot of Maine from the bottom side with Maternal Made to add the extra bone and look. His dam was a highlight in our last Classic and is one of the prettiest cows you will ever see. Going back to the great 673R, this is a no-miss kind of bull!

A 5/8 Simmental son of SAM that doesn't sacrifice the quality we have all come to expect from his great sire. This guy has all the length and extension in the world, coupled with the look and structure to satisfy even the hardest critics. His Double Good dam is one of the prettiest uddered cows that we own; she is huge hipped and massive bodied. On top of that, his maternal granddam, C209, is a beast of a cow going back to the great Hard As Steel. Power in the blood!

Look in here! This is one we couldn't be more excited about—a maternal brother to Coping with Destiny sired by the dominant show winning sire Relentless! When our good friend Wade Rogers called and told John what he had, we jumped at the chance to be a part of it! Unrelenting has some wild pieces to tie into if you are looking for that next level, elite show heifer maker! He has such a wild, hard-to-find look up front with the way his neck comes out of his blade and then blends back into a flat shoulder and explosive rib cage. I love this bull's hip and hind leg and how he presents himself on the move. He just has that look of elite quality in a hard-to-make purebred package! His incredible bald face makes him even cooler to look at and grabs your attention. This one has all the parts to make those highly sought after, hard-to-make purebreds with a half-blood look. Tie into one that is bred for the purple and has an incredible proven pedigree and cow family behind him!

What a genetic gem we have here! A full brother to the ever-popular lineup of Honeys that have taken the show ring by storm the last few years! Full sisters have sold as high as \$280k and have won shows like the Cattlemen's Congress, Denver, Fort Worth and Kansas City. If you are in the business of making elite show heifers, this is your man! He has the up headed, cocky look that everyone desires with a long neck, yet he doesn't give up muscle and rib shape. He is big ribbed and wide hiped with plenty of back shape and square to the ground. Long bodied and long hiped with awesome running gear, this guy has got it going on! His prolific dam, 41D, has quickly established herself as one of the greatest in the breed. Don't let this guy slip by—this mating is typically sexed!

Unicorn! Not your typical pedigree and EPD profile that you would usually see at the G-. However, the quality of this bull is as high as you will find. Night Owl has had me excited since last fall when he came off the cow and got moved to the show barn. Not only was he impressive to look at, but I got to thinking and realized that his EPD profile had to be incredible! I did a little research, and low and behold I was right. I called John up and said, "I think we just raised the next great calving ease bull," and he was pumped! He had purchased this bull's mom a couple years back from Bar CK in Kansas as the lead off bred heifer in their sale with this very bull in mind. Her numbers are off the charts, and when you combine that with Private Stock's look and numbers, you get a great one! This bull has a CED of 17, BW of -2.3 (actual BW 61 pounds) and an API of 167! Not to mention his Marbling EPD is also in the top 10% of the breed! His scan data reflects that with a 19 sq. in. REA and 6.63% IMF! All that is great, and when you look at the bull phenotypically, you get even more excited! Big footed, sound, square hipped and good looking! I love his center body and rib shape and the way that he blends the best of both worlds together. This guy is the real deal!

lot 147

If you like a big, stout brockle that is bred out the wazoo, this is your man! Big backed, huge legged and full of red meat. Study this one sale day...he can change a group of cows. Big hiped, wide pinned and square to the ground. His structure is good, and he is as good looking as they come. Don't forget the fact that he is bred to the hilt, combining the best of two breeds. You get the power of the Maine breed, with his dam being a full sib to the great Miss Boston, and the maternal power of Bet On Red with four shots of the breed great 8543U! This mating is no accident. A full brother went through this sale ring a year ago for the hammer price of \$18k! It gets better! If you are in the business to make females, a full sister that sold in the 2023 Classic for \$30k will make her debut at OYE and is one that will be in the hunt. Don't miss out on a proven pedigree!

lot 148

Doesn't everyone love a good baldy? Especially when you can get a 3/4 that looks like this one! Sired by the great Bet On Red, this moderate ground pounder is just what you have been looking for! He is big topped, big hiped and big pinned and square all the way to the ground. Pulled apart and incredible in his center body, he sits down on a big foot while maintaining an awesome look and is dead level in his lines. The bottom side of this pedigree screams "maternal power." Crossing County O on an incredible Saugahatchee Angus cow, the daughters will be unrivaled. Maternal sisters by SAM highlighted the Classic and averaged \$10k. Power in the pedigree here—don't miss it! A maternal brother sells as Lot 125.

Bet On Red has been one the most popular bulls in our arsenal the past few years and for good reason. This bull is exactly why we love them! Good looking, moderate and powerful. This guy has all the pieces you want wrapped up in a good balanced, eye appealing package with running gear for days. The center part of his body is so dense and bold. He will be easy keeping, and his daughters will be just the same.

W/C Bet On Red 481H  
Sire of Lots 147-153

Just a good, rugged beef bull! 20L is a loose structured, awesome built stud that has impeccable structure. Sired by the new 4/B promotional sire and going back to an incredible Right Now cow, this guy has the ability to sire cattle that will tip the scales high and make females that will be easy fleshing and can get out and work! This rugged built stud has awesome growth potential, posting an adj. weaning weight over 800 pounds! Look at his EPD profile, ranking in the top 20% for WW, YW, Milk and REA. If you want them high numbered that match up phenotypically, this is your man!

A direct son of King of Diamonds out of a daughter of the famed Knockout 74T. A purebred with an incredibly big, square hip that is wide pinned and is true all the way to the ground. He can get out and cover some pasture with his loose made skeleton and awesome running gear. If you are in the business to make half-blood replacements that are easy fleshing and naturally good ribbed, tie into this guy. He is maternally bred without sacrificing power and substance.

The "Family Tradition" calves have been widely accepted in his first couple of calf crops for being good structured, well built, attractive cattle that still have some punch. 40L is all of that in one package. He is attractive to look at, smooth made, functional and sound. I love this bull's softness to the center part of his body and how everything just fits together. He goes back to an incredible Broker daughter that descends from the popular Loves to Smile cow family from Rocking P.

Out of the same great cow as Coping With Destiny but sired by Bankroll to have a little more rugged and stout look to him. This bull will sire the kind of cattle that will bring a premium when you wean them—big, stout, burly, heavy pay weight kind of calves. You have to admire this bull for the shape and squareness down his top with a big hip and wide pin set. He is stout and big legged to the ground and travels around with authority. This is the kind of bull you can put on some commercial cows and make incredible half-blood replacements.

join us for dinner Thursday evening!

Five Rivers Cattle Feeding, LLC will sponsor a Steak Dinner Thursday evening. Gene Lowrey, General Manager at XIT Feeders, and Dr. Derrell Peel from Oklahoma State University will be discussing the cattle market, the advantages of retained ownership using these high quality genetics, and the bright outlook for the cattle market in the coming years while positioning yourself to be on top of your game during the up cycle. Come and join us! Then Friday have lunch with us and buy the bull, or bulls, to move your program forward!

Every year I pick a couple of fall-born bulls to halter break and keep around the barn, and this bull was a pretty easy choice. A red baldy stud that was Champion Percentage Simmental at the Tulsa State Fair this fall, and he is out of one of the best daughters of the great 5066! His dam, known as "Bae," was campaigned by Colton Sand a few years back and was Supreme at the Tulsa State Fair two years in a row, Reserve Supreme at OYE and Reserve at Fort Worth. In the donor pen, she produced an \$80k high seller in the Classic that went on to be Reserve at the Congress as a calf. Not to mention the bulls that she has produced that have averaged \$15k apiece in these Grass to Grid sales.

Fireball is a man! Talk about a big topped, big hiped, big ended kind of bull! This guy is packed full of red meat. He is long bodied, good ribbed, and all his angles and feet are good. Put him on a good set of cows and sit back and reap the benefits!

GCC Miss Broker 6235D ET "Bae"  
Dam of Lot 187  
...Supreme Overall Heifer,  
2018 Tulsa State Fair Open Show

A big growth bull that is rugged in his build, this 3/4 Simmental can cover some extra cows and add some growth and maturity. He is as long as you can make one, from the tip of his nose all the way to the tip of his tail. His extra shot of bone work and added foot size will further add to the extra pounds in his calves at weaning. Bold in his rib shape with a big, square hip, this guy is the right kind! His dam is the legendary "Bae," who has produced countless high selling bulls and females and is a direct daughter of the great 5066.

Meat wagon! I love this bull for his power, muscle and substance. He is wide backed, big hiped and squared pinned. He is explosive in his rib shape and as deep as they come, all in a moderate, good structured and heavy boned package. He had an adjusted weaning weight of over 700 pounds—talk about adding some pounds at weaning! Now look at the maternal power on the bottom side of his pedigree. With iconic Angus bulls like New Look, Genesis and Just Right and females like 841M, 814G and 916G, just think about the powerfully maternal replacements this stud could produce!

Big growth, long spined, big outlined bull that hit the weaning pen as the heaviest fall bull at Henricks Cattle Co. last year. He will add a tremendous amount of growth and size if you have some moderate cows you are trying to get some bigger calves out of. Big feet and legs, lots of extension up front and plenty of muscle to go around. To go with his added size and growth, he is one of the biggest scrotaled bulls in the offering!

**Fall sons of SAM**

Moderate, stout, chunky beef bull! 321K combines the infamous SAM with the Maine calving ease king Daddys Money on the bottom side. If you like them stout, big backed, big hipped and huge ribbed all in a moderate package, this is your dude! Chalk full of red meat and muscle, this guy will add some pounds to a calf crop. He goes back to a beautiful granddam on the bottom side that we would take a pasture of 100 of. Tie into this guy!

His powerful dam is a full sister to the great Cerveza. Talk about opportunity!

Long and extended fall bull that can handle a few more cows this spring. You will love this one for his length and extension, long neck, long spine and tons of grow. You get an extra shot of bone from the Maternal Made on the bottom side with the shot of maternal from SAM on the top. His beautiful dam came from the Birkland herd in South Dakota.

• Griswold Cattle retains 1/2 semen interest.

What a treat we have for you here in this brockle-headed Maine! Reflection is out of one of the hottest cows in the show steer industry, the famed Bremer 960 donor. She has produced numerous fat steer champions, including Champion at the Tulsa State Fair and reserve at both AkSarBen and Kansas State Fair. Not to mention her prospect steers last fall averaged \$50k and have taken the show ring by storm this winter! Not only can 960 produce steers, but her heifers have sold for as high as \$70k and won Reserve Overall at Sneak A Peak. If that doesn't have you convinced, take a look at Reflection in person! Just a mid-April bull, he is powerful, big backed, square hiped and big ended. We love the way he is constructed, loose made, good in his build and incredible at the ground. His combination of look, power, body shape and structure for a Maine is impressive! He will see heavy use at the G- this spring. Get in on the ground floor of this royally bred stud!

• **Griswold Cattle retains 1/2 semen interest.**

What a pedigree to tie into here! A maternal brother to the \$300k-valued Belmont that sold through this sale a year ago, and are his calf reports exciting! 3420L combines the best Maine cows that we can offer to you—Boston, 5066 and B571. Talk about a royally bred stud! His siblings have averaged \$30k at public auction. Not to mention that his maternal sister is one of the best in the donor pen!

This May born tank is everything you can expect from his great sire, Ole Money. He has the bone, the power and the look to sire cattle that will turn heads and make your neighbors jealous! Big square hip, incredible feet and legs, and look for days! If you don't find this one sale day, you must not like good cattle. Don't put your hand down on this one. This could be the next great sire at the G—!

Lot 212 is a maternal brother to Lots 2, 3, 4 and 5 in the 2023 Classic. Their dam, 474F, may be John's favorite Maine donor that we own, and that could partially be due to how she is bred, being sired by the great Maternal Made and backed by the legendary full sister to Cerveza. She is one of the best Maternal Made daughters you will ever see—stout featured, huge hipped and choked necked, all the makings of a great donor. Study the pedigree, and don't let this bull pass you by.

Talk about power, substance and hip! This bull has it all if you want one that can add some pounds to a set of calves, all wrapped up in a High Maine package! He gets the power and muscle shape that we all have come to expect from Game On. Combine that with the maternal power on the bottom side, and you get an awesome bull to cover cows. A big scrotaled and high weaning weight bull that will get out and cover a set of cows. His dam is a full sister to the great Miss Boston and has made quite the splash in the donor pen, with her first calves averaging well over \$10k. This is a bull to invest in!

A powerful stud out of a full sister to Cerveza that proves herself year after year in the donor pen. Buy with confidence!

**Spring sons of Garth**

lot 216

Lots 216 and 217 are stout, powerful, big hipped full brothers sired by the now-deceased Garth. These two bulls will add pounds into any calf crop, with as much true red meat as any bulls in the sale. Their foot size and bone are truly impressive, combined with base width and pin set. You will get a big, stout set of calves while still maintaining the look we all like. They are backed by a female that was a previous high seller from Jones Show Cattle that Sara Sullivan led to hang a banner in Denver. She now works as a lead donor for Jones and Tolle. Power in the pedigree!

lot 217

This full brother to Lot 216 scanned the biggest REA in the entire sale at 20 square inches!

The best of two worlds combined into one! This direct son of the incredible End Game is out of a powerful Garth daughter that highlighted the Classic a few years back and commanded a hammer price of \$23k that now works in the Jones program. You get the look, pizzazz and structure from the top side and the power, the body and the hip from the bottom side, not to mention the maternal greats like Emblazon and Legend. Put this guy to work and you won't be disappointed!

**Lots 220–222** are a trio of brothers by the tried-and-true Maine sire I80 and out of the \$97k Molly donor that we own with Wade Rogers. A direct daughter of the legendary 5066, Molly has been a go-to donor for years to produce good, functionally sound cattle, and these brothers follow suit.

3403L, Lot 220, has been a standout since day one. His combination of foot size, bone, hip shape and power is truly impressive, and he is still so sound and good at the ground. He will sire calves that anyone would want to brag about, and with a 40 cm. scrotal, he can breed plenty of them! These brothers have the look, power and hair to produce a set of replacements to drool over!

What a pedigree this one has...a son of the calving ease king Daddys Money and back to the mother of Coping With Destiny. You couldn't write up a better dual-registered pedigree! We love this bull for the amount of quality and look that he has. He is stout featured, long spined and round in his rib design. Good feet and good angles allow him to get out and move and cover some ground. His look up front is good and with a masculine look. The versatility that this bull offers might be as good as any in the sale!

If you follow pedigrees like we do, there is a cow in this industry that you are sure to have found. She's intriguing, she has dominated the champion pages, and she is a powerhouse donor—Dominatrix, the dam of Memphis Mafia. Add a dose of Maternal Made, bring on the Data Bank, and you have a pedigree that is loaded.

Double Threat has the power of Mafia and proves the consistency is generational. He is big footed, big legged, and big topped. All the look from his profile, and when you get behind him, step back and do a double take—he is all there. Double Threat was the 2024 Cattlemen's Congress Champion Maine bull.

## FALL LONG YEARLING

Maine  
BULLS

Lots 226-235

- **LOT 226A** Selling 1/3 semen interest and 1/2 possession.
- **LOT 226B** Selling 1/3 semen interest and no possession.

Check out this moderate, good looking stud with a little different twist on his pedigree, sired by Ice House, a past high seller and Champion Maine Bull at both Kansas City and Louisville! This guy's dam is a beautifully designed, stout made Garth daughter with a perfect udder. K2427 has the big legs, the wide hip and the big back to add some power to even the frailest made cows. Good ribbed and awesome swoop to his underline while balancing up and looking good doing it. One you for sure need to find sale day!

Outcross pedigree with power and look! We found Stability while in South Dakota this fall when we went to bring our bred heifers back home from summer grass. The substance of bone and foot size that he hits the ground with is incredible. We love his length of spine and the big, square hip that he possesses, combined with a wide pin set and naturally square at the ground. He can inject look into any calf crop with the way he comes out of the top of his blade and so smooth shouldered. We campaigned him this fall, and he hung banners at every show he went to. He started it off as Third Overall at the Tulsa State Fair and 10 days later was Reserve in Kansas City. We rounded it out by displaying him at both Congress and Denver; in Denver, he was Champion High Maine Bull. Not to mention he goes back to an incredible granddam that worked for Bushy Park Farm that was the mother to Comfort Zone. He scanned an adjusted 19.5 square inch REA! This two-year-old is ready for heavy use and has the ability to sire calves with power and look!

Owned with Par Five Cattle Company.

lots 236-240

What a set of flush brothers to lead off the Angus division! Five brothers out of a former Classic high selling donor and sired by what quite possibly could be the most popular bull in the Angus breed, Good Times. Their dam, 847E, could be the best Angus cow that we own. She is moderate, easy fleshing and good footed, not to mention that her rib shape and capacity are comparable to that of a blue whale! She is an absolute ground pounder and a no-miss donor! To top it off, she goes back to the cow maker himself Rito 990 and Dixie Erica 738M on the bottom side. Talk about a pen of replacement females that these boys could make! They all weaned off at the top of the weaning pen and have been favorites around the ranch since they were born. Much like their dam, they are tremendous in their rib shape, chalk full of muscle, sound and incredible to look at. Choose one sale day, or just take them all home—you can't go wrong!

This Good Times son out of a powerful Blue Chip cow is built for the long haul. He is long and extended with the extra punch and muscle we all want. The Good Times calves have far exceeded expectations, and I think you can see why!

Another Good Times with plenty of look and structural integrity. He is long spined, heavy structured and square hipped, really good in his center body, and he can get out and travel. Long and level hipped with plenty of muscle. His dam is one of the prettiest Angus cows Jones have on the place. Jump in here!

**STAG Good Times 201 ET**  
*Purebred Angus sire*  
 of Lots 236-252

Every fall John and Jordon make a trip north to find heifers for the Classic, and this year they went a little further north to Minnesota to see Luke Nord. They picked out a few heifers and Luke had mentioned a bull, so of course John wanted to check him out. When John saw him, he was all in! He was a man—burly, stout and maybe the heaviest weaning bull Luke had. To say the least, John was impressed. His length and extension up front are impressive, big ribbed, long spined and huge feet. What more could you ask for in an Angus bull? Study this guy's pedigree, sired by the dominant 24 Karat and out of a full sister to the granddam of Fortunate Son. This guy is big time good. Don't miss out!

Dignity has taken the show ring by storm the past few months, not to mention his full brother, Executive Decision, won every show he went to. Power is in this guy's blood. He is good looking, long bodied and square made. Plenty of rib shape and dimension to make those easy-doing feeder cattle. His Compton dam is beautiful, and those females are proving to be good, functional type of cows.

Lots 256-258 are a trio of bulls from a past Classic high seller that goes back to the famed 613C. If you like bulls with growth and extension while still being powerful, these guys are for you. They weaned off at the top of the weaning pen and are the kind that will make feeder cattle that will do the same. Commercial guys, take note!

*The number one thing we want from you buying our bulls is for you to be successful, regardless if you have 10 cows or 10,000, if you send them to a feedlot, or you're marketing purebred seedstock.*

A calving ease bull that doesn't give up power and look is something that is hard to find. I love this bull's look and presence plus his structure and body. He is one that you can hang your hat on. His Broker dam is incredible with an awesome udder and one that should honestly, probably be in the donor pen. With Gold Standard semen off the market, take advantage here!

Sleep-all-night heifer bull! If you want a bull to turn on heifers that you won't ever have to worry about, make sure you find this guy. Sired by the calving ease king Gold Standard, this dude is sure to make them small at birth and won't sacrifice quality. He is so smooth made and naturally big middled with plenty of power. You will be hard pressed to find a higher quality heifer bull this spring!

The commercial man's kind of bull! 317 is rugged in his build, good structured and has plenty of muscle. Kelvin Jorgensen always sends us an incredible set of bulls that are built right, weigh up and are truly functional cattle. This pedigree is stacked with cow makers. Do not miss this guy!

A Sandman son with plenty of look and power. Long bodied, extended and good up through the front 1/3. He is smooth made, flat shouldered and works back into a big, robust rib cage. Big scrotaled bull that with his extra age can cover a few more cows. He is out of a beautiful cow with an excellent udder. Buy with confidence.

SPRING  
YEARLING  
*Hereford*  
BULLS  
Lots 279-283

The Hereford division here seems to grow with every passing year, and with this kind of quality, it is easy to see why. This Montgomery son is flat out good, no matter what color he is! I love this bull's substance and build, his big legs and powerful hip, and the way he combines all that into a smooth made, attractive package. His center body is incredibly deep and bold while maintaining a level top and long hip. His pedigree is incredible, with breed greats like 2296, 54B, Chicago, Strawberry Wine, About Time and others. What more could you ask for in a bull?

# Watch the Sale on CCI.live!

The best, the fastest and most comprehensive marketing & bidding tool!

## How to Bid Online...

- As a buyer, you DO NOT need to login to watch the sale but you must have a validated account to bid.

To BID ONLINE go to [www.CCI.live](http://www.CCI.live) in your Chrome, Firefox, Safari or other modern browser:

- 1) Click on the sale schedule page.
- 2) Click on the sale of interest.
- 3) Click on Bid Online- Register and then Get Buyer Number

- After you are logged in, you must proceed to the sale page for your auction and click Bid Online - Register, then "Get Buyer Number." Some auctions require valid credit card number on file to obtain a buyer number to bid.

- CCI.live will operate with ease on a modern **cellular device, laptop, desktop or tablet.**
- A **current browser** is important and will always make your experience better.

- **For successful bidding you must have good Internet service!** It is very important to be stationary if bidding. If you are driving and bidding, expect to have some service issues. If you are stationary on a good device, with healthy Internet, expect a very successful bidding environment. If you have slow Internet watch the "asking price" on the screen, it is real time, and refresh your browser if you feel like you have some lag.

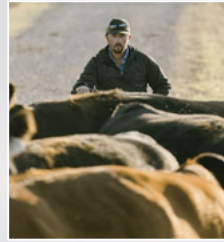

- **Support line open during all sales. TEXT 405-400-9505** - Please alert the ranch for your hauling preferences.
