NOMAD BENCH

ABOUT

Designed to complement the NOMAD rectangular dining table, our NOMAD bench is a perfectly pleasant dining companion no matter what zip code you find yourself in. Its light and airy look is inspired by smart Scandinavian design, but its most clever contribution is the ability to break down and re-assemble at will. Substantial solid-wood pieces are connected by wedged tenon joinery, with the metal-to-metal fastenings that allow for easy disassembly using an included tool. And no matter how many times you break it down and put it back together, those sturdy metal fastenings will behave like it's the first time.
