PROUDLY SUPPORTING

THE

THE GLOBAL GOALS

SUSTAINABLE GIFTS WITH INCREDIBLE STORIES

OUR MISSION

We are a certified social enterprise creating gifts with an incredible impact. Each product inside our gift boxes has a story of transforming communities such as delicious earl grey teas educating vulnerable girls in tea growing regions. We are on a mission to inspire the world by sharing these social stories. We have invested over £180,000 in the social enterprise economy, supported 30 social enterprises, and provided over 1000 hours of employment to individuals with barriers to employment. We currently support nine UN's Sustainable Development Goals and aspire to support all 17 goals by the end of 2022.

HOW WE CAN HELP YOU AND YOUR BUSINESS

We believe corporate gifting is a magical experience that can help you build valuable employee and client relationships whilst having a positive global impact. Social Stories Club can act as an extension of your brand to make corporate gifting a simple and unforgettable experience.

ABOUT OUR GIFT HAMPERS

Our gifts are of the highest quality, are packaged beautifully using sustainable materials, and support different social causes.

Each product inside our gift hampers has a unique story of social change and is helping the environment and communities around the world - from chocolate bars investing in reforestation to biscuits baked using renewable energy - to name but a few!

You can find each of these unique stories of social change inside the story booklet included with every gift box.
