IMPORTANT SAFEGUARDS

When using electrical products, especially when children are present, basic safety precautions should always be followed, including the following:

READ ALL INSTRUCTIONS BEFORE USING.

DANGER:

To reduce the risk of electrocution:

- Do not handle charger with wet hands.
- Do not place in or drop into water or other liquid.
- Do not use while bathing.
- Do not place or store product where it can fall or be pulled into a tub or sink.
- Do not reach for a product that has fallen into water. Unplug immediately.
- Check the charger cord for damage before the first use and during the life of the product.

WARNING:

To reduce the risk of burns, electrocution, fire, or injury to persons:

- Do not plug this device into a voltage system that is different from the voltage system specified on the device or charger.
- Do not use this product if it has a damaged cord or plug, if it is not working properly, if it has been dropped or damaged, or dropped into water. Contact Water Pik, Inc. or your local distributor which can be found at www.waterpik.com.
- Do not direct water under the tongue, into the ear, nose or other delicate areas. This product is capable of producing pressures that may cause serious damage in these areas.
- Do not direct water into the nose or ear. The potentially deadly amoeba, *Naegleria fowleri*, may be present in some tap water or unchlorinated well water and may be fatal if directed into these areas.
- Use this product only as indicated in these instructions or as recommended by your dental professional.

- Only use tips and accessories that are recommended by Water Pik, Inc.
- Fill reservoir with water or other dental professional recommended solutions only.
- Do not drop or insert any foreign object into any opening on the product.
- Keep charging unit and cord away from heated surfaces.
- Do not use this product outdoors or operate where aerosol (spray) products are being used or where oxygen is being administered.
- Do not use iodine, bleach, or water insoluble concentrated essential oils in this product. Use of these can reduce product performance and will shorten the life of the product.
- Remove any oral jewelry prior to use of this product.
- Do not use if you have an open wound on your tongue or in your mouth.
- If your physician advised you to receive antibiotic premedication before dental procedures, you should consult your dentist before using this instrument or any other oral hygiene aid.
- Close supervision is necessary when this product is used by, on or near children or invalids.
- Children should be supervised to ensure that they do not play with the appliance.

GETTING STARTED/ CLEANING AND TROUBLESHOOTING YOUR WATERPIK® WATER FLOSSER

Assembling the Reservoir

Slide Water Flosser power handle into back of reservoir and press firmly to snap into place.

Preparation and Use

Refer to the Quick Start Guide for proper use instructions.

Adjusting the Pressure Setting

You can adjust the pressure setting on your Water Flosser by simply changing tips.

When Finished

Turn the unit off. Empty any liquid left in the reservoir.

Using Mouthwash and Other Solutions

Your Waterpik® Water Flosser can be used to deliver mouthwash and antibacterial solutions. After using any special solution, rinse unit to prevent clogging by partially filling reservoir with warm water and running unit with tip pointed into sink until unit is empty.

Cleaning

Never immerse unit in water. Before cleaning, unplug from the electrical outlet. Clean the product when necessary by using a soft cloth and mild non-abrasive cleanser to wipe exterior.

The water reservoir is removable for easy cleaning and is top rack dishwasher safe. It is recommended that the reservoir is removed and cleaned weekly. To remove, flip the flip top water inlet all the way back and push it against the power handle, using the flip top as a lever.

Removing Hard Water Deposits

Add 1 tablespoon of white vinegar to a full reservoir of warm water. Point the handle and tip into sink. Turn unit ON and run until reservoir is empty. Rinse by repeating with a full reservoir of clean warm water.

Battery Care and Disposal

The unit will NOT charge if the switch is in the ON position. If you use your Water Flosser once a day or less, it is recommended you charge it overnight, once a week. If you use it twice a day or more, charge the unit more frequently. Do not run the batteries down completely as this may

LIMITED ONE-YEAR WARRANTY

shorten the lifespan of the batteries and will require charging the unit for 24 hours to obtain a full charge.

If the Water Flosser is to be stored for an extended period of time (six months or more), be sure to fully charge it prior to storage.

The unit contains a Nickel Metal Hydride battery. At the end of the battery life, please recycle the unit at your nearest recycle center per local or state requirements. The battery is not replaceable.

Service Maintenance

Waterpik® Water Flossers have no consumer-serviceable electrical items and do not require routine service maintenance. For all your service needs go to www.waterpik.com.

You may also call our toll-free customer service number at 1-800-525-2774 (USA). Refer to the serial and model numbers in all correspondence. These numbers are located on the bottom of your unit.

Still have questions? Go to www.waterpik.com.

Water Pik, Inc. warrants to the original consumer of this new product that it is free from defects in materials and workmanship for 1 year from the date of purchase. Consumer will be required to submit the original purchase receipt as proof of purchase date and if requested, the entire product, to support a warranty claim. Water Pik, Inc. will replace at its discretion any part of the product, which in its opinion is defective, provided the product has not been abused, misused, altered or damaged after purchase, was used according to instructions, and was used only with accessories or consumable parts approved by Water Pik, Inc. Installation is the responsibility of the consumer and is not covered by the warranty. This limited warranty excludes accessories or consumable parts such as tips, etc.

This warranty gives you specific legal rights. You may also have other rights that vary, depending on the law in your place of residence.
