Rylstone Historical Walk

Enjoy a walk along the route laid out and view the beauty of the historic buildings. Look for the heritage plaques on or adjoining most of the buildings.

1 THE SCHOOL OF ARTS + MEMORIAL HALL
 Now known as the Small Hall, the School of Arts (c.1910) was originally a library and centre for meetings. It later functioned as a supper room for card tournaments, as a Red Cross Centre and a Guide Hall. The 1926 Memorial Hall next door was once used as the town's cinema theatre and is now used as a multifunction Community Hall.
