

Jolie Paint Information

APPLICATIONS:

- BEST paint on the market for painting furniture
- 946(mil) Just slightly under one litre
- Paint can be used on any surface - literally!
- Use on walls- for a soft matte effect or wax it for a polished plaster effect
- Can even be used to paint floors
- Paint can be applied to interior or exterior surfaces and furnishings

TECHNIQUES:

- Use one color or layer colors
- Distress and apply waxes to create an old world patina
- Can be used as a wash-dilute with water so when you apply paint it shows the wood grain
- You can use it as an impasto (thickly), just leave the lid off to thicken
- Very little black is used so the colors can be mixed in any combination

EASE OF USE:

- No need to prime or prepare
- The colors are mixed intelligently
- Paint is flexible so you can be creative and change you mind

GO GREEN:

- Paint has extremely low VOCs and has little to no odor
