

Scraps to Treasure with Eileen Hull

Is your scrap bin overflowing? Create a masterboard with your scraps and see how to create one of a kind art for journals, cards and tags!

Here's my supply list:

- Recycled manila folder
- Paper scraps (any shape, size or weight)
- Glue Stick
- Metal Ruler. Or ruler with Metal edge
- ModPodge Matte
- Old paintbrush, scraper or silicon spatula
- * optional -white paint or gesso or ink to distress edges

I'll be die-cutting the masterboard and creating a book using the Skinny Mini Book Box die and adhering to the matboard with my Easy Cut Adhesive sheets. But I can show you how to do it just using a ruler if you don't have the die.
