All-Purpose VEGGIE MIX

FOR CONTAINERS AND GROWING POTS

All-Purpose Veggie Mix is an organic and all-natural blend for growing hearty and flavorful veggies. Get the whole family involved, and bring "Farm-to-Table" to your own backyard! Intended for pots and containers, All-Purpose Veggie Mix contains essential plant nutrients and beneficial organic matter that may naturally increase the plants' uptake of nutrients and water! It also contains enough fertility to get your plants off to a healthy start and can then be supplemented with Purple Cow Organics' BioActive All-Purpose Fertilizer.

"PURPLE COW'S CAREFUL ATTENTION TO MINERAL BALANCING AND SOIL MICROBIOLOGY SPEAKS FOR ITSELF THROUGH [PLANT] HEALTH... THE PURPLE COW MIX HAS PRODUCED BEAUTIFUL FAST GROWING [PLANTS] WITH HEALTHY AND VIGOROUS ROOT SYSTEMS."

- Purple Cow Compost
- Perlite
- Sphagnum Peat Moss
- Bone Meal
- Kelp Meal
- Potash
- Poultry Litter
- Volcanic Ash
- Calcium Sulfate Dihydrate

Product Specifications:

- Bulk Density: Average of 500 lbs/cy
- Industry leading 1/4" minus screen size
- Includes rock and sea minerals
- Weed seed and pathogen free

REGULARLY TESTED FOR
NUTRIENT LEVELS AND
BIOLOGICAL CONTENT

USE INSTRUCTIONS:

- 1 Choose the appropriate size container.
- 2 Add a small amount of moistened Purple Cow Organics All-Purpose Veggie Mix to the bottom of the new container.
- 3 Remove the plant from its container by turning it upside down.
- 4 Set the root ball of the plant on top of the mix and in the center of the pot.
- 5 Water thoroughly with tap water until at least 10 percent of the applied water exits through the drainage hole.

"MY TOMATOES WERE SPECTACULAR! THIS IS OUR 4TH YEAR WITH PURPLE COW PRODUCTS AND WHAT A DIFFERENCE. WE USE PURPLE COW FROM START TO FINISH. THANK YOU PURPLE COW!"

- Robin Timm

What Makes All-Purpose Veggie Mix Different?

- A light weight growing media with peat and perlite
- Better drainage characteristics than denser growing mixes
- Contains enough fertility to take lighter feeding vegetables to harvest without burning young plants
- For heavier feeders, use with BioActive All-Purpose Fertilizer for best results
- Intended for growing vegetables in containers and smart pots
