L x W x H = 94.5" x 48.5" x 2.5"

PAR table for 640W 4x4

Description

Carson's 1280W full spectrum LED grow light uses white, red, and UV light technology. Hanging from rope ratchet hangers, the 1280W flower light replaces two 1000W double ended high pressure sodium bulbs and covers a 4' x 8' tray. Ideal for vertical farming as the light source can be twelve inches or less away from the canopy when in veg and within inches away from the canopy during flower.
