

SAFETY DATA SHEET

COCO-WET

SECTION 1 – Product & Company Identification

Product Name	Coco-Wet
Company Name	Spray-N-Grow, Inc.
Company Address	20 Hwy 35 S, Rockport, TX 78382
Domestic Emergency Phone	800-323-2363
Other Calls	361-790-9033
Fax Phone	361-790-9313
Chemical Name	Coco-Wet
Chemical Family	Non-Ionic Surfactant & Spray Adjuvant
Product Use	Wetting agent
MSDS Preparation Date	01/18/2015

SECTION 2 – Hazards Identification

Potential Health Effects

Eyes	May cause pain and irritation. Should irritation persist consult physician.
Skin Contact	Prolonged or repeated exposures may cause skin to dry out and cause irritation. May cause skin burning sensation if skin is scratched or cut.
Skin Absorption	A single prolonged exposure is unlikely to result in the product being absorbed through the skin in harmful amounts.
Ingestion	May cause discomfort in the form of nausea, vomiting, diarrhea, gastric distress. Consult physician if symptoms persist.
Inhalation	Mists may cause irritation of the respiratory tract
Systemic & Other Effects	See “Ingestion” above

SECTION 3 – Composition/Information On Ingredients

Ingredients are exempt from the requirements of a tolerance level by the Federal Code of Regulations, title 40, Part 181.001. A proprietary blend: 90% nonionic modified cocodiethanolamide and 10% inert constituents considered ineffective as an adjuvant.

SECTION 4 – First Aid Measures

Eyes	Irrigate immediately with water for at least 5 minutes Seek medical help
Skin	Wash off in flowing water or shower
Ingestion	Do not induce vomiting prior to consulting proper medical personnel
Inhalation	No adverse effects anticipated by this route of exposure incidental to proper industrial handling
Note to Physician	Provide supportive care. Treatment should be based on judgement of the physician in response to the reactions of the patient

SECTION 5 – Fire-Fighting Measures

Flash Point	None
Method Used	N/A
Extinguishing Media	N/A
Fire & Explosion Hazards	None
Extinguishing Media	This material is not flammable. Use extinguishing media appropriate for surrounding fire.
Special Fire Fighting Procedures	Do not allow run-off from fire fighting to enter drains or water courses.
Unusual Fire & Explosion Hazards	No unusual fire or explosion hazards noted. Protective Measures In Fire Wear self-contained breathing apparatus and full protective clothing.

SECTION 6 – Accidental Release Measures

Accidental Release Measures:	Stop material flow at source. Leaking containers should be placed in a safety container or plastic bag. Workers performing clean-up duties should wear protective clothing to protect against excessive exposure. Contain spill by diking with dirt, sand or other absorbent material. Rope off contaminated area to protect people against slipping on wet material
------------------------------	--

SECTION 7 – Handling And Storage

Handling	Avoid spilling, eye contact
Storage:	Store at temperatures below 120°F

SECTION 8 – Exposure Controls/Personal Protection

Ventilation	Good general ventilation should be sufficient for most conditions.
Respiratory Protection	If respiratory irritation is experienced, use an approved air-purifying respirator.
Skin Protection	For brief contact, no precautions other than clean body-covering clothing should be needed.
Eye Protection	Wear safety glasses. Chemical goggles are recommended because prolonged eye contact with this material may cause pain, or corneal injury.

SECTION 9 – Physical And Chemical Properties

Appearance	Straw colored liquid
Odor	Slight odor similar to liquid soap
Physical State	Liquid
pH As Supplied	6.2
Boiling Point	212°F (100°C)
Freezing Point	N/A
Vapor Pressure (mmHg)	@ 68°F (20°C)
Vapor Density (Air=1)	0.62°F (16.67°C)
Specific Gravity (H2O=1)	1.02°F
Solubility in Water	Complete
Volatile Organic Compounds (VOC)	None

SECTION 10 – Stability And Reactivity

Stability	Stable under normal storage and use conditions. Protect from heat above 120°F. Prolonged exposure to excess heat may cause bottles to swell.
Incompatibility	None known
Hazardous Decomposition Products	None known

SECTION 11 – Toxicological Information

Inhalation	Mists may cause irritation of the respiratory tract.
Ingestion stomach	May cause discomfort if swallowed. May cause pain or vomiting. Diarrhea.
Skin May	Prolonged or repeated contact leads to drying of skin.
Eyes	cause sensitization. Irritating to eyes.

SECTION 12 – Ecological Information

Ecological Information	N/A
------------------------	-----

SECTION 13 – Disposal Considerations

Product Disposal

Liquid material may be diluted with water and applied to soil in accordance to label instructions. Material absorbed into dirt, sand, or other absorbent materials may be safely placed in solid waste containers in accordance to Federal, State, and local law.

Container Disposal

Triple rinse. Then offer for recycling or dispose of in a sanitary landfill, or by other procedures approved by state or local authorities.

SECTION 14 – Transport Information

U.S. Department of Transportation

Proper Shipping Name

Hazard Class

NMFC #4610 Spray adjuvant, spreader and sticker

None, non-hazardous liquid

SECTION 15 – Regulatory Information

U.S. Federal Regulations

EPA Category 4 – No hazard or warning label required

SECTION 16 – Other Information

Revision-01-18-2015
