Function

Tom's Tumbler TTT 1900 is one of our most popular models. It does the job of 6+ hand trimmers working all day, in just one hour! It's affordable, quiet, mobile and gentle on trichomes and the flower's structure.

Key Features

- Best Seller
- Bladeless
- Fast
- Affordable
- Quiet
- Versatile
- Easy to operate
- Gentle

- Minimal Maintenance
- Excellent Customer Care
- Grower Invented Technology
- 1 Year Warranty

The Technology

Tom's patented tumble technology allows for the most gentle trim, because the buds trim each other as they gently tumble against one another. The soft meshnet barrel contains the buds without disrupting the trichomes. The tumble technology removes the sugar leaves gently allowing them to drop through food grade meshnet.

Included

- Trimmer
- Motor
