New for autumn 2023...

## ODYSSEY

Our new printed and colour woven velvet collection features 11 exciting designs, from traditional kilim patterns with an innovative, distressed feel to lighter, more whimsical palms and exotic birds.

## Hali

The Linwood design team took cues from a vintage kilim rug when they reimagined the pattern on this distressed-style velvet, keeping the original proportions and colour palette.

## Songbird

This printed velvet fabric, which was inspired by a crewelwork wall hanging, has an endearing, almost naive quality.

The pattern's traditional earth tones and large scale would look fantastic on upholstery. Subdued, yet exquisitely gorgeous.

## **Bizarre**

Inspired by a French tapestry in the Bizarre style, which was popular in Europe in the late 17th and early 18th centuries and featured large, asymmetrical leaves and flowers. This printed velvet pattern of stylised flowers is true to the hue of the original.

## Kichana

This printed velvet in a pleasing colour palette features an abstract, geometric pattern. Based on a Peruvian document, Kichana is a contemporary, easy-to-use pattern.

## **Cosmic**

With an ombré design and a beautiful combination of pastel and chalky colours, Cosmic is a welcome addition to Linwood's expanding collection of stripes. It would look great as curtains or blinds, but it looks especially wonderful on upholstery. An adorable design that fits in every house.

## Chora

This printed velvet has the feel of a traditional Turkish kilim. The formal pattern, which recalls architectural details, has a timeless quality.

## **Pisqu**

There's a rich, tactile feel to this captivating woven jacquard velvet. The design was inspired by a Peruvian appliqué textile, which features a pattern including two birds.

LF2403FR / 01 Indigo

## **Kumo**

Stylised clouds with a Japanese influence adorn this vibrant woven jacquard velvet. While the modest scale of this design makes it perfect for smaller upholstered pieces like ottomans and chairs, it would also look amazing on a sofa.
