SMALL PRINTS II

We are delighted to introduce a new collection of small-scale, geometric designs that builds on the success of our recent Small Prints and Bibi launches.

These 5 designs are printed onto tumbled, 100% linen cloth with a relaxed, soft touch. Perfect for curtains, blinds, fixed and loose upholstery.

Big Top

The free-flowing and tonal movement of this stylized coral, which was inspired by a small section of a traditional chintz from the 1800s, give it an endearingly natural appearance.

Helter Skelter

This pattern is derived from 17th-century domino paper used as book endpaper. The Linwood design team successfully blended a contemporary aesthetic into the design. Through its gentle, delicate flow, Helter Skelter celebrates the natural feel of the stylized fern.
