Zyklop Accessories, 1/2"

EAN: 4013288221933 Size: 150x42x24 mm

Part number: 05004831001 Weight: 169 q Article number: Country of origin: 8790 C Impaktor Deep TW

> **Customs tariff** 82042000 number:

- Robust Impaktor socket wrench inserts for extremely high stress; for use with electric or pneumatic wrenches with 12.5 mm = 1/2" drive
- · Long socket wrenches for low-lying couplings, also suitable for fitting, protruding thread rods in confined spaces
- Hexagon profile for precise and profile-friendly screwdriving at a high power transmission
- With Take it easy tool finder: colour coding by size
- With cross-bore and ring socket for securing locking pin and locking ring of machine-operated tools

Long Impaktor socket wrench insert for use with electric or pneumatic wrenches with 12.5 mm = 1/2" drive. Also usable at low-lying couplings and protruding thread rods. The Impaktor technology ensures a higher-than-average service life even at extreme requirements. With "Take it easy" tool finder with colour coding by size - for quick and easy identification of the required tool . With hexagon profile and socket with hole. The hexagon profile offers the transmission of high forces and loads the edges of the bolt or the screw head less than a double hexagon profile. For external hexagon bolts and screws.

Zyklop Accessories, 1/2"

# For electric or pneumatic impact wrenches

The extremely robust forged design ensures that the Impaktor sockets have an above-average service life, even under extreme conditions.

#### Long design

Due to the long design of the socket, screwdriving can also be achieved in small spaces. Fittings with protruding threaded rods are often also possible.

### Cross-bore and ring socket

Due to the groove and the ring socket, the tool can be secured with a locking pin or O-ring on the power tool.

# Profile-friendly power transmission

The hexagon profile allows the transmission of high forces and puts less strain on the edges of bolts or screw heads than a double hexagon profile. Fine-toothed ratchets also make the use of a double hexagon profile superfluous, even in confined spaces, thanks to their small return angle.

### Take it easy tool finder system

Take it easy tool finder system - with profile and size colour-coding for quick and easy tool selection. Colour-coded system for hexagon drive screws (L-Keys, Zyklop bit sockets), external hex drive screws and nuts (Joker wrenches, Zyklop sockets and Zyklop bit sockets with holding function), and TORX® drive screws (L-Keys, Zyklop bit sockets).
