

# 967 SPKXL TORX® L-key Multicolour, long, TX 25 x 154 mm

## L-Keys for TORX® Screws

<b>EAN:</b>	4013288194329	<b>Size:</b>	164x38x11 mm
<b>Part number:</b>	05024486001	<b>Weight:</b>	28 g
<b>Article number:</b>	967 SPKXL TORX® Multicolour	<b>Country of origin:</b>	CZ
		<b>Customs tariff number:</b>	82041100

- L-keys for recessed TORX® screws
- TORX® ballpoint on the long arm
- With Take it easy tool finder: colour coding by size
- Colour coded, easy-to-grip plastic sleeve, even at low temperatures
- BlackLaser for high corrosion protection and long service life

Wera L-key with hose sleeve to protect the fingers, ergonomic and comfortable hold even at low temperatures. The ball on the long arm allows safe working on TORX® screws even in difficult installation positions. The BlackLaser surface treatment makes for excellent surface protection, even from corrosion, and for long durability. Lasered and therefore abrasion-proof size marking on the L-key for quick access.

L-Keys for TORX® Screws

L-keys with a thermoplastic sleeve

L-keys with a thermoplastic sleeve are manufactured out of easy-to-grip, circular material. The sleeve ensures that work is safe and comfortable even at low temperatures. High corrosion protection features thanks to the special BlackLaser surface treatment. Colour coding and large stamp to enable the desired L-key to be easily located.

TORX® ball tip

The spherical drive profile means that it is possible to swivel the axis of the tool to that of the screw, and therefore enable angled, "around-the-corner" screwdriving jobs.

Size identification

The size of each L-keys has been engraved by a laser. In addition Take it easy L-keys have a colour coding according to sizes - for simple and rapid accessing of the required tool. Making it easy to find the right tool.

Take it easy tool finder system

Take it easy tool finder system - with profile and size colour-coding for quick and easy tool selection. Colour-coded system for hexagon drive screws (L-Keys, Zyklop bit sockets), external hex drive screws and nuts (Joker wrenches, Zyklop sockets and Zyklop bit sockets with holding function), and TORX® drive screws (L-Keys, Zyklop bit sockets).
