

## Gripping Pliers

The gripping pliers from KNIPEX can securely hold or grip flat, round, square or hexagonal-shaped objects.

8" Long Nose Grip Pliers  
41 44 200

10" Universal Grip Pliers  
40 14 250

11" Welding Grip Pliers  
42 44 280

- ▶ Pliers feature an adjustment screw that controls the holding or gripping pressure
- ▶ Slim head that is perfect for working in confined places
- ▶ Made of forged chrome vanadium electric steel for heavy-duty durability
- ▶ One-handed operation makes these tools ideal for everyday use

- > Heavy-duty pliers with adjustment screw and release lever
- > High clamping pressure due to toggle action lever for a more secure grip
- > Unique bottom jaw pivots automatically to adjust to whatever you are gripping (40 14 250)
- > Non-serrated gripping area for pinching off hoses (41 44 200)
- > Pivoting jaws adjust gently on surfaces or workpieces (42 44 280)
