

CELEBRATING 650 YEARS OF JULIAN OF NORWICH

WELCOME to this special 650th Anniversary year

“Fifty years ago, I helped plan the celebration of the 600th anniversary of Julian of Norwich. Back in 1973 few people had even heard of her. Today the little church in Norwich has become a place of pilgrimage and the anniversary of those momentous days in May 1373 when Julian received her God-given Shewings, will be celebrated throughout the world in retreats, seminars, podcasts and new publishing. This brochure outlines the events accessible here in Norwich during the anniversary year.”

Sheila Upjohn, author (to speak on 9 May, see page 10)

A MESSAGE from The Rt Revd Graham Usher, Bishop of Norwich

“Julian of Norwich’s legacy has made a significant contribution to English spirituality, and she is revered not only in this city and diocese, but across the world. We find deep wells of consolation and hope in her writing as she seems to have an uncanny knack to speak directly to us, 650 years after her Shewings in May 1373. Perhaps that is because we remain a people who are, at our core, afraid. Afraid of conflict, pandemic, illness, ecological crises and death. Afraid of all these things despite Jesus repeatedly saying in the Gospels, “Do not be afraid”. Julian helps us to knit together our lives so that we live with less dis-ease.

Recently I commissioned a new icon of Julian for my chapel. It is a daily reminder that, despite everything, she held on to hope. The Croatian theologian Miroslav Volf has suggested that a definition of hope is, “love stretched into the future”. That is certainly what Julian teaches me.

May her wisdom, as well as her insight into God’s hope and love, bless us and our communities in this 650th anniversary year.”

FUNDRAISING APPEAL

Fundraising appeal for a seat to commemorate Julian of Norwich

We have commissioned a hand-carved bench, designed, and created to celebrate the ongoing witness of Julian as we mark 650 years since the Shewings she received in May 1373. It will be placed outside the cell in St Julian's church garden, a peaceful place for pilgrims and visitors alike to rest.

This bespoke, functional work of art in oak and slate will incorporate some of Julian's words and will be made by letter carver Martin Cook whose work is crafted using traditional tools. Martin's commissions include carved lettering for the British Museum Reading Room and work for the Royal Family. You can read more about him on his website: martincookstudio.co.uk

The cost of producing the bench will be around £6000. The good news is that the Friends of Julian Trustees have generously agreed to match-fund donations up to the value of £3000, giving £1 for each pound that is donated. We invite you to consider a contribution to this special commission which will honour Julian's legacy in Norwich during 2023 and beyond. If donations exceed £3,000 the extra funds received will go towards another Julian650 project or event.

If you would like to contribute the best way to do this is by bank transfer, using the reference 'BENCH.'

JULIAN'S MIND'S EYE

Professor Barry Windeatt,
Emmanuel College

Julian's book stems from what she saw, and what she came to see that she had been shown. Her book has often been entitled 'revelations', and Julian has sometimes been called a visionary. But what and how does Julian see in her mind's eye?

"ALLE SHALLE BE WELE" : LIVING RESURRECTED LIVES

Veronica Mary Rolf,
medieval scholar and
author

"Alle shalle be wele" is undoubtedly the most famous "saying" associated with Julian of Norwich. But too often, these words are spoken casually or even misunderstood as an immediate panacea for all our trials and tribulations. That is not their intended meaning at all.

Venue: ZOOM. Live streamed and recorded for our YouTube channel

Professor Philip Sheldrake,

WHEN MARGERY MET JULIAN: WRITING VISIONARY WOMEN BACK INTO HISTORY

Mary Sharratt, author Julian of Norwich and her contemporary Margery Kempe were mystics and literary pioneers who were nearly erased from history. Their iconic books languished in obscurity for centuries and only resurfaced in the twentieth century.

FEMINISM, SCHOLARSHIP & MEDIEVAL WOMEN'S WRITING

Dr. Sarah Salih, Reader in Medieval English at King's College London

Julian of Norwich, included in her early Short Text a rousing, proto-feminist defence of her right to speak; yet omitted the passage from the revised Long Text. The relevance of feminist readings of a woman writer who wrote of the motherhood of God is self-evident.

For Thy Great Pain Have Mercy On My Little Pain

Thursday 11 May, 6.30pm

The novel reimagines the relationship between Julian and fellow Christian mystic Margery Kempe of King's Lynn, who is thought to have published the first ever autobiography by a woman in the English language.

Victoria will be in conversation with Sally-Anne, whose 2016 BBC documentary, *The Search for the Lost Manuscript*, tells the story of how Julian's manuscript was hidden for centuries. They'll discuss women's voices in historical fiction, the tradition of spiritual writing and much more.
