"Les Santenots" climat is located in the northern part of Meursault facing South-East, next to Volnay in the lower part of the village. WINEMAKING TECHNIQUE

- Harvested and sorted by hand

- Periodic pumping over occurs
- Matured for a minimal 18 months in oak barrels (35% new oak)

THERE'S A DIFFERENCE BETWEEN WINE & FOOD PAIRING AND WINE MOMENT PAIRING

TASTING NOTES

The mouth fill is complex, elegant nose of dark red-fruits, a structured earthy flavour, and a long finish. It will take three to four years to be at its peak. If you decant one hour before serving with a large base decanter, it will open up rapidly. The ageing potential is long, around 10 to 12 years.

Enjoy with connoisseurs or at an occasion to impress. It goes well with a large array of cheeses made with cow's milk, steak, pasta, stronger styles of cured meat and game.

GENERAL INFORMATION

- Appellation: Volnay 1er Cru, France
- Grape(s): 100% Pinot Noir
- Vines: Average age of 50 years
