**FOREVER & EVER**  
*FLOOR RECYCLING PROGRAM*

## WHAT IS NFD'S FOREVER & EVER PROGRAM?

Industry leading flooring take-back scheme for recycling end of life post-consumer vinyl and carpet tile flooring, founded and funded by National Flooring Distributors. Through Forever & Ever, NFD can recycle smooth, uplifted flooring and old stock. The material is recovered, delivered to our retail partners and put back into the community through different organizations.

## HELP US REACH OUR GOAL!

---

We aim to collect 10 tonnes this year!  
This volume equals to nearly 175,200m<sup>2</sup> which is enough vinyl flooring waste to cover 22 cricket fields. That's a saving of over 330 tonnes of CO<sup>2</sup>.

Thanks for recycling!

## HOW IS THE FLOORING COLLECTED?

Any consumer, retailer or installer can uplift a stack onto a pallet. Drop the pallet off at any of our drop zones in each Capital city. From there, we do the rest. We deliver the vinyl to our retail partners who either resell or donate to local charities.
