Orion Coffee And Tea has developed a quality fundraising program that will yield high results for your organization. We take our best selling coffee, tea and chocolate and make them available for you to sell. We have developed the program to be as easy for you to sell and raise money for your organization. Campaigns must have a minimum order of 50 bags. From 50 to 150 bags will receive 45% of the total sold. 151 bags or more will receive 50% of the total sold.

Our fundraising campaigns are very flexible. You decide on the timeframe of the selling period, and the date of delivery. We will work with you every step of the way. Prior to starting your campaign, we will set the targeted delivery date for you. This is typically 2 weeks after the End Date you set for the campaign. This allows us enough time to freshly roast your coffee order, package fresh loose leaf tea, and the Ghirardelli Chocolate. At the time of order, the 50-55% share is due to Orion. You keep the 45-50% fundraising share. We simply take a lump sum at the time of the order; via cash, credit/debit card or business check.

We will assist you in curating the coffee and tea offerings. Depending on the time of year, the coffee and tea offerings may vary. We source coffee from around the globe. Typically we have offerings from Central America, South America, Africa and Asia. Tea is also sourced from around the globe. Many of our tea blends are done here at Orion.

If you are interested in partnering with Orion Coffee And Tea on a fundraising campaign, simply email us at [Fundraising@OrionCoffeeAndTea.com](mailto:Fundraising@OrionCoffeeAndTea.com). You can also check out our information page on our website, or you can stop into our Cedarville Café & Roastery and ask to speak with Eric. We have witnessed great results with our fundraising campaigns, and many organizations come back every year. Combining Coffee and Tea into your fundraising campaign increases the number of perspective backers.
