Technical data:

- Wooden legs made of raw oak (7 different colors);
- Corner sofa beds are described from a view of person sitting on it;
- Rack frame – solid beech and pine wood + hardwood plywood and particle board;
- Seat – wavy springs;
- Seat cushion – highly elastic polyurethane foam type HR + fluffy non-woven fabric;
- Headboard cushion - highly elastic polyurethane foam type HR + fluffy non-woven fabric;
- Sleeping function – Belgian type and mattress in thickness 7,5 cm;
- Easy unfolding system;
- High seating comfort despite of use of sleeping function; high legs give the furniture a lightness so cleaning under sofa is easier (except a module with sleeping function);
- Seat and backrest cushions can be used in both sides and are upholstered on both sides;
- There is no option to combine different fabrics for one sofa;
- Is recommended to order all furniture sets at the same time due to the possibility of color differences in fabric from different production batches;
- Furniture are aesthetically finished with a cover fabrics (can stand in the middle of interior).
