JOB NAME: _____

REFERENCE INVOICE #: _____

FEATURES

The Orto One is a wood-burning hearth-style brick oven designed for interior and exterior residential use. It features a stucco dome facade in one of six colors of your choice. The semi-arch oven mouth is 9" tall and 16" wide, with an 11.75" black quartz countertop landing. The oven is supplied with a collapsible steel stand complete with a firewood rack and locking casters for easy mobility, but may also be installed on a countertop.

The oven hearth is made from hand-made cast refractory clay with a floor diameter measuring 27.6". Wood fuel is combusted directly within the hearth which maximizes energy efficiency and power.
