SETUP:

Remove unit from bag and place on a flat, clean surface. Review the frame and notice where top hubs (with light clips) are located.

1

Pull the frame up and out from the corners until fully expanded.

2

With frame fully extended, magnetic locking arms will snap into place.

3

Unit is complete.

4

GRAPHIC APPLICATION:

To re-attach graphics, twist hub cap off and push silicone-edge into designated hub corner (noted on graphic style page).

5

Twist cap onto hub to cover silicone-edge.

6

*Graphics come pre-attached to the frame. To re-attach graphics to frame follow the graphics style specific to the unit purchased.

* Some kits may come with back graphics detached. Follow graphic application instructions to reapply. Before disassembly it is best to remove those rear only graphics before collapsing frame.

*See graphic templates for graphic sizes.

DISASSEMBLY:

With slight force pull apart frame to disengage magnetic locking arms.

1

Collapse frame and store in carry bag.
