TRAIL BLAZER

LACE UP BOOT

Sangria/Java

Rider-Friendly Features

- Waterproof, seam-sealed, sueded leather upper with RideDry™ technology
- 6" shaft with padded collar provides extra stability and ankle support in saddle or out
- Lace up design provides a secure, customized fit
- Fun color combinations and contrast stitch details to catch the eye
- Roomy toe box with toe bumper for protection and all day comfort
- OrangeZone™ ATO all-terrain outsole has durable, non-slip traction areas for safety with a 1" heel for security in the saddle

ABOUT

Like a sassy Swiss Army knife, these boots are masters of multi-tasking, engineered to power your strides wherever a life with horses takes you—in fun color combinations. Sueded leather uppers are waterproofed with RideDry™ technology to keep feet dry and comfy in the saddle, in the barn or on the hiking trails.

Fatigue-fighting stability from the K-Stride™ midsole provides structure to keep feet happy all day at the barn while anti-microbial, removable insoles cradle and cushion. SpurSync™ molded heel holds spurs in place. 1" heel provides safety to wear them riding and non-slip soles deliver sturdy traction.

TECHNOLOGY FEATURES

- **RideDry™ technology**
waterproof, seam-sealed sueded leather upper
- **SpurSync™ molded heel**
holds spur in place and protects from wear
- **Anti-microbial, 3D-molded removable insole**
keeps feet fresh and cushions with Kerrits logo pattern underneath
- **K-Stride™ midsole**
provides advanced stability and reduces fatigue
- **OrangeZone™ ATO all-terrain outsole**
offers durability and handles muddy terrain with ease
