

WOODSTOCK

WATERPROOF BARN BOOT

Walnut

Rider-Friendly Features

- Waterproof, seam-sealed, full-grain leather upper with RideDry™ technology
- Durable, textured pebbled leather adds visual appeal and is scratch and abrasion resistant
- Spacious toe box provides extra room for all-day comfort with a rubber toe bumper for protection
- OrangeZone™ ATO all-terrain outsole has durable, non-slip traction areas for safety with a 1" heel for security in the saddle
- Contrast midsole and stitching add a fun pop of color

ABOUT

Tough and sporty, these sturdy boots feature advanced technology that keeps riders' feet dry, fresh and happy through long days at the barn. Waterproof, RideDry™ technology keeps moisture out while the anti-microbial, removable insole cushions, supports and keeps feet comfortable.

Pebbled leather adds style and abrasion resistance. Riders will love room to wiggle toes in the spacious toe box and the 6" tall, fitted shaft that keeps shavings and hay out. OrangeZone™ ATO non-slip outsole provides durable all-terrain traction around the barn, while 1" heel offers versatility to safely wear in the saddle.

TECHNOLOGY FEATURES

- **RideDry™ technology**
full-grain waterproof, seam-sealed leather upper
- **SpurSync™ molded heel**
holds spur in place and protects from wear
- **Anti-microbial, 3D-molded removable insole**
keeps feet fresh and cushions with Kerrits logo pattern underneath
- **K-Stride™ midsole**
provides advanced stability and reduces fatigue
- **OrangeZone™ ATO all-terrain outsole**
offers durability and handles muddy terrain with ease
