buckles or straps

Unpadded center
takes on the firmness
of the surface

Specific, narrow width
forms tight fit around
baby's torso to help
prevent rolling

Suspended center
pulls in at the
sides to hug baby

PATENTED SENSORY LOUNGER FOR BABY

FITTING AND POSITIONING

The Snuggle Me™ is uniquely designed to fit baby's head and torso with their legs draped over the bottom end.

At first, they WILL be able to fit all the way into the Snuggle Me™ center-sling™. As they grow, they will fill out the center-sling™, and their legs will begin to drape over the bottom end of the lounger.

This thoughtful design helps prevent baby from rolling while in the Snuggle Me™, (but please do not leave them unattended as babies are unpredictable).

This design also gives baby a comforting, hugging sensation which is a unique feature only found in the Snuggle Me™. With baby fully supported, their startle reflex is able to be tamed as they feel cradled, supported and snuggled.

Baby has truly grown out the Snuggle Me™ when their bottom begins to come up onto the end of the lounger when laid all the way down into it, but not when their legs drape over the end.

HAND CRAFTED IN THE USA

Eleven years ago, we made the first Snuggle Me™ at our kitchen table on a used sewing machine with fabrics from the local sewing store. We were equipped only with a vision and crazy determination. Staying true to our beginning, we continue to employ local, Minnesota sewers to craft each and every Snuggle Me™ with care.

We also have chosen to only use fabrics manufactured here in the USA. Why? First, we value supporting family owned US businesses. Secondly, because all fabrics made in the US are under the regulations of the CPSIA, which have the strictest regulations on fabric manufacturing in the world. As moms ourselves, we wanted the best choice possible for our materials.

SNUGGLE ME LOUNGERS

All Snuggle Me™ loungers are exactly the same in function, it's the materials that make a difference. Choose the one that fits your lifestyle and budget below.

NEW! SNUGGLE ME SWADDLES

GOTS certified organic cotton swaddles in gorgeous Earth Tone colors! Oversized, stretchy and made with love from Minnesota. Grab one today!

WASHING INSTRUCTIONS

Snuggle Me Original and Snuggle Me Organic loungers can be washed and dried on cold settings. For best drying results, dry part way in the dryer and then finish by air drying.

To avoid shrinking covers, wash on cold and lay flat to dry. If you use a dryer, do so on low heat.

Snuggle Me Wool lounger needs to be dry cleaned or spot cleaned only.

LOVE IT GUARANTEE

Snuggle Me™ is the best functioning and highest quality baby lounger on the market. We are confident that you & baby will love it.

Our LOVE IT guarantee gives you 30 days from purchase date to try Snuggle Me™ with your little one. If for any reason you are not satisfied, simply send it back for a full refund. No questions asked. It's that easy. (Customer pays return shipping fees. No returns accepted after 30 day from purchase date.) Ensure that items are shipped back in a box/bag appropriate to its size.
