

HOW TO MAKE A NO-SEW SOCK SNOWMAN

WHAT YOU NEED:

- 1 white sock
- 1 color sock
- 1 bag of uncooked rice
- 2 rubber bands
- 2-3 small buttons
- 1 short piece of ribbon
- Hot glue gun
- Scissors
- 3 mini pom poms

■ STEP 1

Start by filling your white sock with rice using a spoon.

STEP 2 ■

Once you have the desired amount, tie off the top with a rubber band.

■ STEP 3

To make the head and body of the snowman, wrap another rubber band around the middle of the sock. Adjust the rubber band until you're happy with the size of the head and body. Cut off any excess sock above the snowman's head.

STEP 4 ■

Next, add the scarf by wrapping the ribbon around the snowman's neck where you have the rubber band. Secure it with a dot of glue.

■ STEP 5

Now, let's give him a stocking hat. Take your color sock, roll it down a couple of times, and place it on the snowman's head.

STEP 6 ■

Using the hot glue gun, glue 2-3 buttons vertically on the snowman's tummy.

■ STEP 7

Finally, glue the 3 pom poms on the snowman's face to create the eyes and nose.

The Goldie Socks Idea

Do you feel like there's not enough time for your family to do things together? Wearing matching socks only takes a few seconds, and you will feel connected to each other all day long. That's why at Goldie Socks, we design fun, matching socks for families. Make your family a close-knit family.
