Dear Store Manager or Buyer,

I'd like to request that you carry Maxine's Heavenly cookies at your store(s).

Their cookies are everything a health-conscious customer is looking for and an almost impossible-to-find combo:

- Gluten free (certified), vegan (certified), kosher (certified) non-GMO (verified)
- Low sugar/sweetened with natural sugars (coconut sugar & dates)
- Made with wholesome ingredients like whole grain oats
- Soft-baked with a homemade texture
- Responsibly sourced ingredients

But most importantly, they are DELICIOUS, whether you're vegan/gluten-sensitive/healthy or not.

Maxine's Heavenly currently offers four flavors: Peanut Butter Chocolate Chunk, Chocolate Chocolate Chunk, Almond Chocolate Chunk, and Cinnamon Oatmeal Raisin. These come in two sizes: 7.2 oz bags or 1.8 oz snack packs. During the Fall months they also offer Pumpkin Pecan Spice as a seasonal flavor.

Please contact them today to request samples or to make an order.

Thank you for considering my request,
