Dimensions.

Etna Pendant.

Installation.

The safety of this fitting can only be guaranteed if these instructions are observed, during both installation and use. Please retain these instructions safety.

When installing and whenever acting on the appliance, ensure that the power supply has been switched off.

The pendant is supported by a threaded lampholder. Install the lampholder, cable assembly and ceiling rose prior to fitting the pendant.

Screw the hanging bracket to the ceiling. Place the cotter pin through the hanging bracket and connect the third hole of the plastic 3 hole cord grip to the pin.

Adjust cable length as required.

Make connection to the mains feed. Test connection and finally push the ceiling rose up the cable so it sits flush to the ceiling and conceals the electrical connection and hanging bracket. Tighten the grub screw to secure the ceiling rose in place.

Cleaning.

Use only a soft cloth to clean the shade, dampened with water and soap or mild cleanser if needed for resistant dirt.

Warning: do not use alcohol or other solvents.
