Instructions

1 Cut a black card measuring 4.25" wide x 11" tall and score in the center for folding. Line up the Eiffel Tower Pop Stand die over the fold, centered, and die cut.

2 Also die cut an Eiffel Tower from black cardstock. For the second tower, cover a piece of Silver Shimmer Sheetz large enough for the tower with Double-Sided Adhesive and attach it to black cardstock. Die cut into the silver side of the piece using the metal adaptor plate. Before removing the die, run back through the machine with an embossing sandwich to add the gridworks onto the tower. Rub Staz-on ink over the silver tower and immediately wipe off with a paper towel.

3 Using the die from the Rectangle Accordion set, die cut a heart set from patterned paper. Trimmer cut these patterned paper pieces: two @ 2" x 4", one @ 3" x 4". From Cream cardstock with Double-Sided Adhesive on the back, die cut the "hello" die from the Rectangle Accordion and the small tag from the Tags Pivot Card. Ink the edges of the tag, if desired, and tie a black twine bow through the hole, decoratively.

4 From Teal cardstock, die cut a Paris Edges doily and a Paris Edges tower piece. Trimmer cut two strips at 0.5" x 4.25". Add the patterned paper, doily edge and thin cardstock strips inside the card as shown in the photo. Line the seams with glitter borders.

5 Use the other 2" patterned paper strip along with the tower edge on the front of the card and line the seam with a glitter border.

Supplies

ELIZABETH CRAFT DESIGNS

- Eiffel Tower Pop Stand die set (978)
- Paris Edges die set (979)
- Rectangle Accordion die set (972)
- Tag Pivot Card die set (973)
- Silver Metallic Shimmer Sheetz (SS0211)
- Black/Silver Glitter Borders (7010)
- 6x6 Sheets Double-Sided Adhesive (503)
- Metal Adaptor Plate (803)

OTHER

- American Crafts Bazzill Cardstocks: Licorice, Lakeshore, Sugar Cream
- Graphic 45 "Artisan Style" Paper: Decorative Flourish
- Creative Impressions Cream Crepe Ribbon & black twine
- Staz-on black ink, paper towel
- Coordinating ink for edges of tag (optional)

TOOLS & OTHER ADHESIVES

- Die cutting machine with embossing sandwich
- Paper Trimmer
- Removable Tape
- Blending Tool
- Scissors

Video Tutorial

Watch Karen Burniston assemble the Eiffel Tower die by watching this video:

<https://youtu.be/4-mechjCmdA>

6 Add pieces of tape to the four tabs in the card, peel up the liner to make them sticky, attach the black tower to the back tabs and the silver tower to the front tabs. Add tape to the top portion of the towers and attach them to each other, completing the pop-up.

7 Embellish the card's interior with the heart frame on the tower, the solid heart at the base of the card, the cream tag and the "hello" greeting. Weave cream crepe ribbon through the tab holes (not through both sets - only through the set that corresponds with the front of the card) and tie in a bow. Mail in an A2 envelope.
