HONEYWELL NORTH PRIMAIR 900 SERIES PA900 HEADGEAR

The Honeywell North® Primair 900 (PA900) Series Headgear range is Honeywell's newest, ergonomic, lightweight headgear offer for dusts, gas and chemical working environments. The PA900 is engineered around three core pillars: Comfort, Ease-of-Use and Ergonomics, all while designed to feature the highest protection levels and PPE compatibility with the end user front of mind.

WHY PA900 HEADGEAR?

The Honeywell North® Primair 900 (PA900) Series Headgear range is focused on providing an all-in-one eye, head, & respiratory solution while delivering best-in-class ease-of-use, comfort, and efficiency. These themes are universal across the entire Honeywell portfolio and the PA900 Series Headgear is no exception.

The Honeywell North® Primair 900 (PA900) Series Headgear range is designed to accommodate a wide range of needs, industries and applications. Comprised of versions in Headcap with faceseal, and various Hard Hat styles, with a selection of shroud options, the PA900 Series is lightweight, easy to don and doff, and easy to use and maintain.

PA900 HEADGEAR: PAPR COMBINATIONS

The Honeywell North® Primair® 900 Series headgear is designed for use with either the Honeywell North® Primair® 700 Series belt mounted Powered Air Purifying Respirator (PAPR) or the Honeywell North® Primair® 500 Series belt mounted Powered Air Purifying Respirator (PAPR) and paired with the PA900 Breathing tube, PA032.

THE PA900 SERIES OFFERS:

COMFORT

- Excellent thermal comfort via optimized air-flow distribution
- Adjustable center-of-gravity
- Multi-point adjustable suspension system with retention cradle

EFFICIENCY

- Range of shroud sizes and materials for multiple application
- Compatible with eyewear and hearing protection

EASE OF USE

- Wide field of view
- Visors with anti-fog and anti-scratch coatings

The Honeywell North® Primair™ 700 (PA700) Series PAPR is Honeywell's most configurable PAPR for use with filters or cartridges and designed with convenience, comfort, and confidence in mind.

The Honeywell North® Primair™ 500 (PA500) Series PAPR is Honeywell's particulate-only blower, designed to be compact, low-profile, comfortable and lightweight.

PA900 HEADGEAR KITS*

PA911EU **Head Cap + Faceseal**

Honeywell's respiratory PAPR faceshield with integrated impact resistant visor, enhanced ergonomics and comfort, appealing aesthetics and more user-friendly headgear that is suitable for use in working areas where eye/ear/ face protection could be required, but approved head protection is not required.

Approvals: **EN 12941:1998 + A1:2003 + A2:2008, EN166 1.BT.9N**
Class TH3 / TH2 (PA500EU / PA700EU)

Weight: approx. 840g
Material: Visor, Coated Polycarbonate, Anti-Scratch, Anti-Fog
Sample Applications: paint spraying, general maintenance

PA921EU **Hard Hat + Faceseal**

Honeywell's respiratory PAPR faceshield with a hard hat for head protection to EN 397+A1. Features an integrated impact resistant visor, enhanced ergonomics, appealing aesthetics and more user-friendly headgear. Suitable for use in working areas where eyes/face/ears and hard hat protection is required and/or preferred

Approvals: **EN 12941:1998 + A1:2003 + A2:2008, EN166 1.BT.9N, EN 397+A1**

Class TH3 (PA500EU / PA700EU)
Weight: approx. 890g
Material: Visor, Coated Polycarbonate, Anti-Scratch, Anti-Fog
Sample Applications: paint spraying, general maintenance with required hard hat protection

PA921DSEU **Hard Hat + Disposable Short Shroud**

Honeywell's respiratory PAPR faceshield with hard hat protection to EN 397+A1 and a short, disposable Shroud providing head and neck protection, and splash resistance and chlorine resistance. Features an integrated impact resistant visor, enhanced ergonomics, lightweight comfort, and more user-friendly headgear.

Approvals: **EN 12941:1998 + A1:2003 + A2:2008, EN166 1.BT.9N, EN 397+A1**

Class TH3 (PA500EU / PA700EU)
Weight: approx. 1195g
Material: Visor, Coated Polycarbonate, Anti-Scratch, Anti-Fog, Polyester Short Shroud
Sample Applications: paint spraying, general maintenance with required hard hat protection

PA921DLEU **Hard Hat + Disposable Long Shroud**

Honeywell's respiratory PAPR faceshield with hard hat protection to EN 397+A1 and a long Disposable Shroud with head, neck and shoulder protection, with splash resistance and chlorine resistance. Features an integrated impact resistant visor, enhanced ergonomics, appealing aesthetics and more user-friendly headgear.

Approvals: **EN 12941:1998 + A1:2003 + A2:2008, EN166 1.BT.9N, EN 397+A1**

Class TH3 (PA500EU / PA700EU)
Weight: approx. 1210g
Material: Visor, Coated Polycarbonate, Anti-Scratch, Anti-Fog, Polyester Long Shroud
Sample Applications: paint spraying, general maintenance with required hard hat protection

PA922EU **Hard Hat + Standard Shroud**

Honeywell's respiratory PAPR faceshield with hard hat protection to EN 397+A1 and a standard, reusable shroud suitable for dust and light chemical applications. Features an integrated impact resistant visor, enhanced ergonomics, appealing aesthetics and more user-friendly headgear.

Approvals: **EN 12941:1998 + A1:2003 + A2:2008, EN166 1.BT.9N, EN 397+A1**

Class TH3 (PA500EU / PA700EU)
Weight: approx. 1340g
Material: Visor, Coated Polycarbonate, Anti-Scratch, Anti-Fog, Polyester Blend Long Shroud
Sample Applications: Heavy Industry, general maintenance, with required hard hat protection

PA923EU **Hard Hat + Premium Shroud**

Honeywell's respiratory PAPR faceshield with hard hat protection to EN 397+A1 and a premium, reusable shroud suitable for heavy chemical applications. Features an integrated impact resistant visor, flame and spark resistant shroud, appealing aesthetics and PPE compatible, user-friendly headgear.

Approvals: **EN 12941:1998 + A1:2003 + A2:2008, EN166 1.BT.9N, EN 397+A1**

Class TH3 (PA500EU / PA700EU)
Weight: approx. 1400g
Material: Visor, Coated Polycarbonate, Anti-Scratch, Anti-Fog, Flame Resistant Viscose Shroud with Silicon Coating
Sample Applications: chemical industrial applications, heavy industry, with required hard hat protection
