About Jumbo

JUMBO UGG BOOTS | AUSTRALIAN MADE, OWNED & DESIGNED

We didn't just pop up overnight!

Jumbo Ugg® is owned and designed by Binder Enterprise Pty Ltd. Binder Enterprise Pty Ltd is a second generation manufacturer of genuine sheepskin footwear established in 1989, Melbourne, Australia.

Our high quality sheepskin footwear is suitable for use in all weather, providing excellent insulation against the cold but also absorbing excessive moisture whilst letting your feet breathe. The plush, natural fleece on the inside of the boots, moulds to the unique shape of your foot and once you put them on, you will feel like you are walking on a cloud. Jumbo Ugg boots are suitable for everyone, both young and old.

Why Jumbo Ugg?

Jumbo Ugg® has emerged from the traditional world of sheepskin boots, to provide indulgent footwear. As we grew from a family business, our commitment to quality in both product & customer service is the backbone on which our brand is built.

We remain an Australian designed, owned & operated company, offering Australian sheepskin with fashion attitude.

Jumbo Ugg® provides fashion footwear solutions for your wardrobe, 7 days a week.
