# Burlington

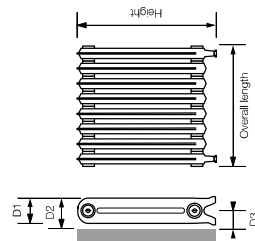

The Burlington is the preferred choice for traditionally styled, new build or refurbished properties, with a sleek round top for a more discreet aesthetic.

Shown here in Dark Old Cherry finish with Charwell brass thermostatic valves and traditional brass pipe sleeves.

### All information is per section

<b>BUR 0638-B</b>

Depth (wall to face) (mm) - D2	246 or 256
Pipe centres from wall (mm) - D3	139 or 149
Width (mm)	76
Dry weight (kg)	122
Water content (L)	2.9
Max no. factory built sections	15

### Joining key

Model / Code **Z1000-02**

Burlington joining key **£160 ex VAT** **£192 inc VAT**

We will always strive to keep on-site assembly to a minimum, but for larger radiators we may require a fully assembled size (see charts above) on-site assembly will be required.  
Full instructions and parts will be supplied, although a joining key tool will need to be purchased separately on a sale/return basis.

To calculate the length of the radiator, multiply the number of sections by 76mm, then add 24mm for reducing bushes. Please note there is a +/- 2mm manufacturer's tolerance per section. We strongly recommend not setting pipework until the radiator has been delivered.
