

EdenPURE®

EDENPURE HEADQUARTERS • 7800 WHIPPLE AVE. NW • CANTON, OHIO 44767

Congratulations on taking the first step to making your home a greener, safer and more efficient user of energy!

You will soon be saving up to 20% off your monthly electricity bill, in addition to reducing many of the harmful effects of the electromagnetic fields (EMF).

The EnergyMizer® will save you money, as well as provide you with the following added benefits:

- Reduce EMF for healthier home and family environment
- Optimize power management and stabilize power surges
- Prolong the useful life of equipment and appliances.
- Versatile for use in single-family homes, townhouses, apartments, etc.

The two EnergyMizer® units supplied will support a home size of up to 3,500 square feet. An additional two units are required for homes up to 5,500 square feet. For homes above 5,500 square feet, please contact us.

Please take the time to read this owner's information manual and all warnings completely, as well as "How Much Did You Save?", before installing the unit.

Installation Instructions

Make sure the unit is powered off prior to its installation.

Recommended Installation Locations:

1. Remove units from the packaging box. Please keep the box for reuse or recycle it to help keep our planet green!
2. Plug in the first of the two EnergyMizer® units provided to the outlet nearest to your refrigerator. It does not have to be in the exact outlet that your refrigerator is plugged into, but as physically close as possible.
3. Plug in the second of two EnergyMizer® units provided in an area that is central and close to the bedrooms in your home. The master bedroom would be an ideal location.
4. Press the "On" switch to activate your EnergyMizers®. This will activate them and ensure that you will begin lowering your electricity costs and removing harmful EMFs.

How Much Did You Save?

To read results, simply compare your charges at least 6 months after installation with your charges same months from year prior.

CHARGES () - CHARGES () = ()
(Year Prior Same Month) (Same Month At Least 6 Months After Installation) \$\$\$ SAVED

To accurately find out how much you saved, please allow the unit to be installed for at least 180 days before attempting to read results. Cost per Kilowatt Hour may vary depending on where you are located; costs may also increase over time, depending on your electricity provider. Cost per Kilowatt Hour as well as outside temperature are both factors in how much savings you will achieve.

Warnings

- The EnergyMizer® can store an electrical charge. Please handle with extreme caution and keep away from children.
- Removing cover or tampering with the EnergyMizer® device will void all warranties and product guarantees.
- Not designed for commercial installations. Installing on commercial electrical systems will void both the product warranty and guarantee.
- Do not use an extension cord; use only the cords provided.

Technical Information:

Voltage Rating: 90-250 VAC, 50HZ/60HZ
Wattage Rating: 30-50 KW

1 Year EdenPURE 8% Savings Guarantee*
6 Year Manufacturer's Replacement Warranty**
15 Year Unit Life Expectancy

* If the EnergyMizer® purchased from EdenPURE does not reduce energy consumption by a minimum of 8% after twelve (12) months of continuous use, EdenPURE will retroactively adjust the price to match the percentage difference between the actual reduction and the guaranteed eight (8) percent savings. Refund shall not exceed the Customer's purchase price. To qualify for the refund, the following requirements must be met and provided for within the thirteenth month of purchase: 1. The claim must be submitted by the customer in writing and include this Agreement within thirty (30) days after receipt of twelfth (12) month's electric bill; 2. The product registration form must have been filled out and mailed to EdenPURE Warranty Administration within thirty (30) days of purchase; 3. The original electric bills from the customer's energy provider for the twelve (12) months after the EnergyMizer® was installed; 4. The original electric bills from the customers energy provider for the same twelve (12) month from the previous year; and, 5. The EnergyMizer® purchased, in the original packing box. After review by EdenPURE, if there is not a monthly average reduction of at least eight (8) percent, EdenPURE will refund the difference.

**EMS (Energy Management Systems), makers of EnergyMizer®, warrants the EnergyMizer® to be free of defects in materials and workmanship under normal use and service for a period of six (6) years from the original purchase date. The replacement claim must be submitted by the original purchaser within the warranty period and must include the original purchase receipt. During the warranty period, EMS, at its option, will either repair or replace, at no charge, any parts or components that are found to be defective. The warranty does not cover defects caused by or resulting from misuse, abuse, neglect, or damage caused by accident. The warranty will be null and void if any components are altered or modified by the purchaser, if the outer case has been opened, or if the EnergyMizer® is used in a manner not recommended by the manufacturer. EMS must authorize and approve all returns prior to the return of the defective parts or unit. EMS shall not be responsible for or obligated to pay for freight or other transportation related costs or expenses in connection with any defective product or components that are returned or shipped from EMS pursuant to this warranty. All returns should be sent to EMS. All failures are subject to inspection and verification by EMS. Liability is limited to repair or replacement of materials found to be defective. This warranty is in lieu of all other warranties, expressed or implied. To make a claim, contact EMS at 1-888-503-6030 or email at residential@emsint.com.
