3. ASSEMBLY INSTRUCTION

HOW TO ASSEMBLE:

STEP 1: Assemble the two fiberglass poles (PART# 1 & 2) by joining the sections together with the existing connectors attached to the poles. You can see the elastic cord running through the center of the poles which holds the poles somewhat rigidly together. Once the poles are assembled, they should be placed on the ground. You should have 2 assembled poles in different lengths.

BE CAREFUL OF THE POLE ENDS AND CONNECTORS WHEN YOU ASSEMBLE, AS THERE IS A POSSIBLE HAZARD TO PINCH YOUR FINGERS/HANDS.

ASSEMBLY Instruction For Soft Toss / Golf Net

STEP 2: Insert the fiber glass pipe (PART# 1) into the black sleeve with green mark (Figure 1)

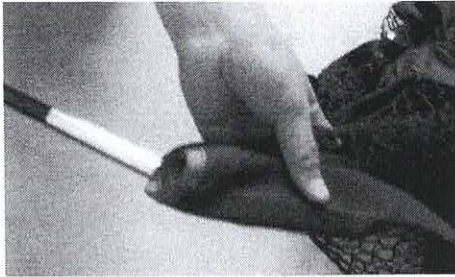

Figure 1

STEP 3: Insert the fiber glass pipe (PART# 2) into the black sleeve –no color mark (Figure 2)

Figure 2

STEP 4: After inserting the 2 poles into the sleeves lay out the net on the ground (Figure 3)

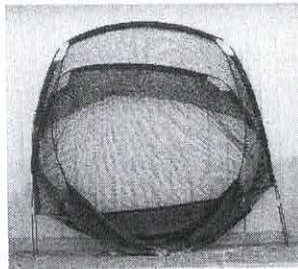

Figure 3

STEP 5: You will find 4 anchor fittings in the four corners of net, insert the 4 anchor fittings into the steel connector in the end of pipe (1) & (2) (Figure 4 & Figure 5)

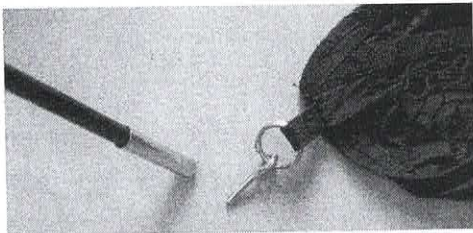

Figure 4

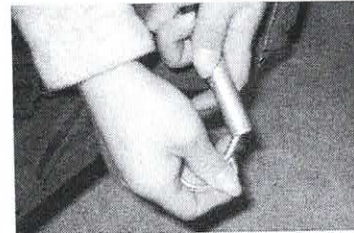

Figure 5

USE CAUTION WHEN CONNECTING CORNERS AS THERE IS POTENTIAL HAZARD TO PINCH/CLAMP YOUR HANDS WHEN YOU DO THIS PROCESS.

STEP 6: Feed the ground hook through the webbing ring sewn in the bottom edges of net and push it into the grass field to secure the net. Tie net to the fiberglass pipes (1) & (2) using the straps sewn in the net. (Figure 6, 7 & 8)
