

Cocoknits Method Video Class

Subscribe to our Video Class series to teach the Cocoknits Method to your employees or customers.

In this five part video class, Julie Weisenberger introduces the Cocoknits Method of sweater knitting, outlined in her book *Cocoknits Sweater Workshop*. The first four parts correspond to each section of the Cocoknits Method, including how to use the Cocoknits Sweater Worksheet in coordination with colored stitch markers. In the last video, Julie explains how to complete your sweater and shows an example of a work in progress. Throughout the series, she demonstrates the Cocoknits Method using the Emma pattern from the book and suggests that class participants learn using this pattern. The videos are designed to be used with an in-shop teacher facilitator.

Details:

- Video Class segments:
 1. Section I: Upper Back
 2. Section II: Create Shoulders
