

GM

Professional Undercounter Glass/Dishwasher – 435mm & 450mm Rack W 500mm x D 555mm x H 860mm

The Starline Professional Range combines the best of modern technology with an uncompromising use of high quality components and heavy duty stainless steel construction. The result is a machine that you can rely on for great wash results for many years to come.

The Starline GM incorporates intuitive electronic controls providing soft wash start, the eco power saver system, easy to read temperatures for HACCP reporting, chemical pump adjustments and priming, cycle customisation, immediate fault diagnosis and much more. At just 500mm wide and equipped to wash glasses, cups and dishes, the compact and versatile GM packs a lot of punch for the smallest electronic machine in the Starline range.

For over 35 years Starline dishwashers have been made in New Zealand, and are engineered specifically for our unique local conditions and regulations. The renowned reliability of the machines is also backed by most extensive service network and spare parts inventory in the country, ensuring that your Starline will not let you down.
