

## The 955 Access is a powerful classroom amplifier. But that's just the beginning.

It's also an advanced media control center that can easily integrate all your audio sources and deliver high-quality audio for every student.

**It's powered by Access Technology**, which means it can do much more, like seamlessly connect to other Access Technology components. That makes it easy to expand to multiple classroom types and enable new methods of instruction. Connect to Flexcat Pods and start using the only audio system specifically designed for small-group learning.

**But what it doesn't do is just as important:** It eliminates interference with other classroom technologies and doesn't use up valuable bandwidth. It operates without drop out in large open rooms and at long distances, up to 200'. Best of all, it doesn't take a lot of time and effort to install.

## 955 Access™

CLASSROOM AUDIO SYSTEM

- *Compact audio amplifier*
- *Connects many types of audio sources and speakers*
- *Works in large, open spaces*
- *Eliminates bandwidth interference*
- *Easily scales for multiple classroom types and instruction methods*

# A compact, powerful amplifier + media control center

With the new 955 Access, schools have more classroom audio options than ever before. All without the limitations that came with infrared technology. It delivers voice and multimedia in large, open rooms, with no audio drop out or interference with other technologies.

The 955 Access works with the entire class, small groups, individual students, and even students in the hallway. It easily adapts to project-based learning, just by adding a Flexcat Pod to each student group.

## Specifications

<b>Description</b>	Wireless Audio Base Station
<b>Wireless Communication</b>	Access Technology (1.9 GHz + RF4CE)
<b>Wireless Transmission Range</b>	Up to 200 ft. (60m) open field
<b>Power Output</b>	20 watts per channel (40 watts total)
<b>Frequency Response</b>	60 Hz - 7kHz
<b>Total Harmonic Distortion (THD)</b>	<1% @ 10W
<b>DC Power Input</b>	24V/2.5A
<b>Audio Input (with volume control)</b>	Four (4) Input (3.5 mm)
<b>Audio Outputs</b>	One (1) Output (3.5mm)
<b>ToneControl</b>	Bass / Treble
<b>Warranty</b>	5 Years
<b>Dimensions (WxDxH)</b>	7.6" x 5" x 1.13" (193 x 127 x 29mm)
<b>Weight</b>	9.5 oz (269g)
