To Whom It May Concern:

Re: SMART Reseller Piraino Consulting Inc

This letter is to confirm that Piraino Consulting Inc is one of only two SMART Technologies Platinum partner authorized to provide SMART hardware and the SMART software solutions in the state of Louisiana. In order to achieve Platinum status, a reseller must have completed all certifications, and effectively install, support and provide in-service training on the entire family of SMART solutions including all hardware and SMART software. As the number of SMART products across the state continues to increase, the ability to effectively provide training and professional development is essential to maximize the benefits of the product for each customer, to enhance the user experience and ultimately drive successful adoption of the technology solutions.

Piraino Consulting is authorized supports customers in multiple states including Louisiana for the past several years. We are proud to have Piraino Consulting selling, training, installing, and supporting our products.

Sincerely,

Kristin Slavin

Vice President, North America Sales
